SECTION II

1. Have there been any material variances between this year's and last year's financial results?

The increase noted above for year-to-date revenues is not very significant from a percentage view perspective. For year-to-date expenditures when adjusting in prior year payments of 2021 encumbered amounts totaling approximately \$2,140,000, total year-to-date disbursements for 2022 then rise to approximately \$20.9 million. The remaining difference of \$8.9 million in comparison with the above year-to-date total of \$29.8 million for 2023 is largely attributed to the City's action of fully paying off the final remaining balance of \$8.3 million in bond insurance forbearance liability.

2. Are current payments to creditors (debt service, MMO, Act 47 loan, vendor payments) up to date?

For the month of April 2023, the City did timely disburse the following related debt service payments:

- a. applicable General Fund funding to the Debt Service Fund totaling \$1,250,000.00 in meeting debt service requirements involving the City's minimum funding contribution for the Harrisburg Redevelopment Authority, Series A of 1998 Guaranteed Revenue Bonds

3. Provide specific examples of progress on critical recommendations of the Plan.

Under the Commonwealth's Act 124, the Intergovernmental Cooperation Authority for Harrisburg (ICA) may enter into and implement an intergovernmental cooperation agreement. Such a revised agreement has been previously accepted and approved by Harrisburg City Council via adopted ordinance, and the City intends to fully execute and officially enter into this mutually approved agreement after the Commonwealth Court issues any final administrative orders for the City's orderly exit from the Municipalities Financial Recovery Act (Act 47) as administered by PA DCED. The City continues to currently make more administrative progress with the ongoing related incinerator litigation matter.

4. List and briefly describe meetings and communication that support implementation of the Plan.

Consistent with ongoing prior practice, the City will continue to maintain communications with PA DCED in the providing of responses to Act 47 quarterly status update requests for related information.

5. Is there a capital improvement plan? Is the capital improvement plan being implemented?

Yes, such a plan is a part of the General Fund's 2023 budget for various City departments including capital outlays related to Information Technology, Licensing/Taxation/Support, Police, Fire, Traffic and Engineering, Vehicle Maintenance, and Parks/Recreation/Facilities.

6. Are there any outstanding audits or audit recommendations that need to be completed?

The City's regular 2021 financial audit is continuing to progress forward with the anticipation of having available related draft financial statements by the end of May 2023.

7. Provide additional observations and challenges.

- a. The City continues to manage operating expenses under the constraints of an ongoing lack of significant monthly parking system revenues.
- b. The City continues to work with its IT vendor, Tyler Technologies for the implementation of a new City-wide all inclusive ERP (enterprise resource planning) software system; the related financial management system module (Munis) became effectively operational at the beginning of current fiscal year 2023.
