

**ACT 47**  
**RECEIVER STATUS REPORT**  
**SEPTEMBER 27, 2013**

**Section No. 11**  
**Exhibit No. 56**

IN THE COMMONWEALTH COURT OF PENNSYLVANIA

C. Alan Walker, in his capacity as  
Secretary for the Department of  
Community and Economic Development,

No. 569 M.D. 2011

Petitioner,

v.

City of Harrisburg,

Respondent

**STATUS REPORT OF THE RECEIVER FOR THE CITY OF  
HARRISBURG**

William B. Lynch, Receiver for the City of Harrisburg (the "Receiver"), by and through the Governor's Office of General Counsel, counsel to the Receiver, respectfully submits the following Status Report regarding the implementation of the Receiver's Harrisburg Strong Recovery Plan as confirmed by this Honorable Court on September 23, 2013.

RECEIVED  
COMMONWEALTH COURT  
OF PENNSYLVANIA  
2013 SEP 27 PM 12:03

Respectfully submitted this 27<sup>th</sup> day of September, 2013.

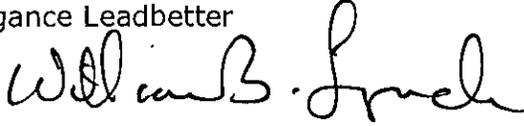

**JAMES D. SCHULTZ**  
General Counsel

*Attorneys for William B. Lynch, in his  
official capacity as Receiver for the  
City of Harrisburg*

Date: September 27, 2013  
To: The Honorable Bonnie Brigance Leadbetter  
From: William Lynch, Receiver   
Re: Update on Receiver's Plan Implementation

---

I am pleased to provide the Court with the quarterly update on the status of the implementation of the Receiver's Recovery Plan as confirmed by the Court on March 9, 2012 and on the preparation of the Modified Plan filed with the Court on August 26, 2013 and subsequent to the Court's September 19 hearing confirmed on September 23 since my confirmation as Receiver on May 24, 2012.

This memorandum, supported by the accompanying attachments, provides the Court with a summary of the actions that have occurred over the last quarter.

#### **Municipal Financial Recovery Advisory Committee**

Pursuant to the provisions of Section 711 of Act 47, I have continued to convene semi-monthly meetings of the Municipal Financial Recovery Advisory Committee. Since the last status report, meetings were held on July 10 and 24, August 14 and 28 and September 11 and 25. The meetings were attended by the members designated in the Act: Mayor Linda Thompson (Robert Philbin, Mayor's designee); Council President Wanda Williams; Fred Lighty (Dauphin County designee for Commissioner Jeffrey Haste) and Doug Hill (Governor's appointee). At each meeting an update of the status of the implementation of the Recovery Plan was provided and questions were answered. A public comment period is also provided. Minutes of the June 26, July 10 and 24, August 14 and 28 and September 11 meetings are attached.

The Receiver has held weekly status conference calls with members of his consulting team to coordinate all aspects of plan implementation. Below is a summary of key actions and issues related to the implementation of the confirmed Plan.

#### **Cash Flow**

The Office of Receiver (OTR) continues to closely monitor cash flow as part of the implementation of the confirmed Recovery Plan. Through the end of August, the City had received \$33,263,929 in revenue and disbursed \$28,096,674 in current expenditures. After factoring in the payment of approximately \$5.8 million in 2012 payables, and estimated revenues and expenditures for September, the estimated cash balance as of September 30 is approximately \$1.4 million. This positive cash balance is the result of the receipt of the bulk of real estate tax revenue and EIT revenues including the additional 1% levy and the non-payment of \$10,590,006 in debt obligations. In January, the City, with Court approval, authorized a temporary transfer from the sewer and sanitation funds of up to \$4 million to address cash flow needs during the first quarter. Although this temporary borrowing would provide cash flow to meet critical obligations early in the year, through prudent management of its cash the City did not draw on these funds and does not anticipate having to do so this year. Revenue from the increase in the Earned Income Tax that was implemented as of January 2013 is now being received. Revenues peaked in the late spring while expenditures continue to be constant. The City's cash flow has deteriorated over the last month, though with the receipt of

the state aid for pensions and \$5 million from the state's FY 13-14 budget for public safety services in early October, it should be stable through fall allowing time for the consummation of the Harrisburg Strong Plan transactions and the ultimate receipt of revenue that will flow from those transactions.

The City's bi-weekly payroll averages \$1.1 million. It also processes payables on a bi-weekly basis. The Office of the Receiver continues to monitor and approve City expenditures including the review of payables prior to City disbursements consistent with the confirmed Plan. I have worked with the City to both manage cash and prioritize payables. The cost containment provisions of the Emergency Action Plan continue to be followed as they relate to the City providing for "necessary and vital services". Efforts have continued to identify and account for certain liabilities that the City had previously not included in their financial reports. Several additional payables have been identified through this process. Through the end of September, the City has been able to address its 2012 payables and has brought virtually all creditors into a current status. Payables currently on hold now total \$3,426,239 while those over 60 days total \$2,764,225 with 99% represented by 6 creditors. They are primarily several debt service obligations due to SunTrust, Metro Bank and the Pennsylvania Infrastructure Bank and payments to CAT and PPL along with payments to the City Treasurer for various insurances. Agreements are embodied in the Harrisburg Strong Plan that will resolve these debt obligations upon consummation of the Plan. The Metro Bank obligation is secured by the artifacts. The first sale occurred the week of July 15 and was quite successful. In late September, the City received its first payment of \$2,088,066.25 from the proceeds from the sale and will apply it to this obligation. Upon my advice, the City has maintained communication with the most significant vendors to avoid any disruption or termination of critical services.

Based on cash flow projections and the results of creditor negotiations, I made the decision that the City continue to not pay its debt obligations to SunTrust and Metro Bank and also not make the September 15 debt service payment on its General Obligation Bonds. The City provided the appropriate Material Event Notices on EMMA and is in compliance with Securities and Exchange Commission (SEC) reporting requirements. The delinquent debt service payments will be resolved upon consummation of the Harrisburg Strong Plan anticipated to occur prior to year end.

Projected revenues for the year are \$54,812,650 while projected current expenditures are \$60,098,639 with an anticipated deficit of \$5,285,990. This deficit also accounts for payment of 2013 debt service obligations. The City ended 2012 with a cumulative deficit of \$12,703,541. This deficit includes debt service of \$9,097,394 on general obligation bonds that were due in March and September of 2012. The Harrisburg Strong Plan provides \$8.2 million to resolve these obligations.

My focus moving forward is to consummate the various transactions related to the resolution of the Resource Recovery Facility debt obligations and the parking monetization as well as to continue with implementation of various operational recommendations and effectively manage the City's cash flow needs through the end of the year. With close management of cash flow, the City was able to meet payroll and critical creditor obligations through the third quarter as well as maintain a current status for most payables. It is critical as the recovery process proceeds that the City's fiscal credibility be restored with its various vendors and the financial community and I will continue to work towards that goal.

### **Operational Issues**

The Receiver continues to be supported by the Novak Consulting Group and the Pennsylvania Economy League to assist with the implementation of operational issues that are part of the confirmed Recovery Plan. The OTR's efforts have focused on key priorities that are the most time sensitive and can affect operational efficiencies and savings.

In order to maintain effective communication between my office and the City, I meet on a weekly basis with Mayor Thompson and/or her Chief Operating Officer. Our agenda focuses on the most significant issues that are pending at the moment. These meetings have been very productive and resulted in addressing plan related issues in a constructive and positive way. I have also engaged in periodic meetings with Council President Williams, with the same objectives. Again, these meetings have also been very productive as we work to achieve consensus between the Mayor and Council on plan related initiatives. Further, meetings were held by the OTR Team with all members of Council through the summer to keep them apprised of the status of creditor negotiations.

A key recommendation of the confirmed Plan was the recruitment and appointment of a Chief Operating Officer (COO). Ricardo Mendez-Saldivia was selected and began service as COO on April 23, 2012. This position has greatly strengthened the City's Administrative capacity. Unfortunately, Mr. Mendez-Saldivia submitted his resignation effective May 24 creating a significant void. Mayor Thompson though moved quickly to fill this position and named Robert Philbin as Interim COO effective June 17. This has provided continuity at the senior management level and has been critical in advancing actions related to numerous operational/fiscal issues. As noted above I meet with Mr. Philbin weekly along with the Mayor to review the status of various initiatives in the confirmed Plan so that recovery efforts continue in as expeditious manner as possible.

Mr. Philbin along with Robert Kroboth, the City's Business Administrator, have continued to guide the audit process. As noted in the June report, the 2011 audit was completed on May 13. During the May - July time period Trout, Ebersole & Groff LLP (TEG), third party accounting firm, assisted the Finance office in preparation work necessary for the 2012 audit. Their work was completed in mid-July and provided to Maher Duessel, the City's external auditor. They began work immediately and anticipate completing their work in mid-October with the 2012 audit issued by October 31 at which time the City's audits will be brought up to date. Bringing the audits up to date is critical in assisting the Harrisburg Authority with undertaking further financing as well as establishing a solid financial baseline for the City.

With the assistance of the Novak Team, the City continues their efforts to integrate a management system within City operations that more clearly defines goals and objectives. The Team has assessed the restructuring of the City's finance department as a result of the City hiring two very competent individuals to fill the Accounting Manager and Staff Accountant/Analyst positions. This has resulted in a significant increase in the Bureau's technical capacity and the ability to meet daily work demands in a timely manner. The resignation of the Budget Director in late May though created another gap and required that the Accounting Analyst be assigned to perform the responsibilities of the Budget Director. She has performed quite well in this role and the City is on track to complete its 2014 budget preparation in a timely manner this fall.

The OTR also continues to review requests to fill all position vacancies. Requests to fill vacancies are submitted to the Office of the Receiver and approval is required by the Receiver prior to positions being filled. To date limited requests have been approved when properly supported as critical to

providing necessary and vital services. Key positions approved for filling during the quarter included, 20 police officers (recruitment underway with class starting in January), Health Officer, Sanitation/Recycling Manager and Fleet Manager. Key vacancies occurring during the quarter included the Police Chief and Deputy Fire Chief. I have further advised the City to continue to follow the provisions of the Emergency Action Plan and the confirmed Plan in funding only those activities that are essential to maintaining "vital and necessary services" and provide for the health, safety and welfare of City residents.

Implementation began during the quarter on recommendations from the fleet operation's report. The review completed by the Novak Group in the spring recommended the elimination of 36 vehicles that were deemed unnecessary and/or inoperable with an estimated salvage value of \$18,000. To date \$27,844 has been realized from the disposition of 10 pieces of equipment. This amount has already exceeded the study's estimate of \$18,000 and there are an additional 16 pieces of equipment to be disposed. The City is also recruiting for a Fleet Manager, another recommendation of the report. The goal of the review was to achieve savings through the consolidation and improved efficiency of fleet operations. In addition to the sale proceeds, the City will achieve an annual savings of \$25,380 from insurance and maintenance costs.

On July 2, five proposals were received in response to the RFP to outsource the City's sanitation operation. A proposal review committee comprised of the DPW Director, Chief Operating Officer and Business Administrator evaluated the responses and provided a recommendation to the Mayor to interviews 3 finalists. Interviews were held and on September 23 Mayor Thompson announced the selection of Republic Services to provide sanitation services to both residents and businesses in the City. Contract negotiations have just started. Implementation is scheduled for February 2014.

In response to the RFP to consolidate the City's insurance coverage, 4 proposals were submitted by the August 27 deadline. A review committee is in place and currently evaluating the proposals with a recommendation anticipated in the next several weeks. The goal of this initiative is to insure that all liabilities are insured at appropriate risk management levels and that cost containment of insurance coverage occurs.

Work is also underway on three interrelated planning recommendations – 1.) An update of the City's Comprehensive Plan, 2.) Development of a Housing Strategy and 3.) Development of an Economic Development Strategy. The City has selected a consultant to facilitate the Comprehensive Plan and Housing Strategy and a Steering Committee is in place to provide guidance and input to the consultant. A scope of work has been developed, initial funding identified. The timeline calls for the process to begin this fall and take approximately 14-18 months to complete. The scope provides for a neighborhood focus with significant opportunity for public input at various stages. Concurrently a consultant has been selected to complete an Economic Development Strategy and a scope of work developed. This work is also anticipated to start early this fall.

Since plan confirmation, the Novak Consulting Group has continued to meet regularly with directors of all City departments to review priorities and provide further guidance on implementation activities. A matrix documenting the status of implementation initiatives through mid-September is attached.

### **Collective Bargaining**

Following the development of the maximum costs and expenses for each of the City's 3 collective bargaining units – FOP, IAFF, AFSCME – that are consistent with the recent changes in Act 47 as a result of Act 133 of 2012, the Office of the Receiver's labor counsel in concert with the City's labor counsel developed negotiation proposals to modify the existing agreements in order to implement certain initiatives in the confirmed Plan prior to the current expiration dates. These proposals were presented to the three bargaining units in the spring of 2012. Progress was slow during 2012 though bargaining intensified during the first and second quarters of 2013 with the bargaining unit representatives and significant progress was made. In mid-June the FOP membership ratified an amendment to their collective bargaining agreement, modifying the current agreement and extending the term through December 31, 2016. In mid July, the AFSCME bargaining unit likewise ratified an amendment to their collective bargaining agreement similar to the FOP agreement. Both amendments were ratified by City Council on September 16. Negotiations continue with the IAFF bargaining unit. It is my hope that agreements will also be reached with the IAFF in the near term. In order to spur negotiations, I had earlier directed the City not to implement any of the salary increases for 2013 that were part of the contract extensions. The City followed through on this recommendation; however, until agreements are consummated the City has continued to incur health care costs at the levels provided in the current contracts. Health care cost savings will not be fully realized until 2014.

### **Mandamus**

On August 27, 2012, The Commonwealth Court entered an Order granting in part and denying in part a *petition for issuance of Writ of Mandamus* filed by the Receiver, following a hearing held on August 23, 2012. The OTR, the Mayor and Harrisburg City Council participated through their respective legal counsel. Subsequently, the parties jointly filed an *Application for Reconsideration*, effectively staying the proceedings so the parties could pursue possible resolution of the matter. A Stipulation Agreement was executed by City Council, Mayor and Receiver on October 23 that resolved the mandamus action. The agreement acknowledged that although there were disagreements between the parties, each had identified points of common ground in addressing the fiscal issues and agreed to undertake a more coordinated effort to address these matters. The parties acknowledged an agreement in principle to address structural deficit and debt related issues in a comprehensive and realistic manner with an aim towards achieving a long-term global resolution of the City's fiscal issues. The City and the Office of the Receiver have continued to comply with the provisions of the Stipulation Agreement. The Receiver and his team have worked very closely with City Council and their legal counsel over the last year and developed a spirit of cooperation that has been a significant step in reaching the point where a consensual solution was presented to the Court in the Harrisburg Strong Plan.

### **Asset Monetization**

The Receiver previously engaged the law firm of McKenna Long & Aldridge (MLA) and Public Resource Advisory Group (PRAG) to assist with the monetization of the Resource Recovery Facility, the Parking Facilities and the management of the water and sewer systems. Screening and Evaluation Teams (SET) were established for each of the asset monetizations. A very detailed procurement process

was established for each of the assets and has continued through the second quarter of 2013 as efforts have continued to maximize the value of both the Resource Recovery Facility and the parking facilities. The Receiver has worked hard to establish a process that is fair and transparent, yet

rigorous and protective of competitive-sensitive and propriety information. I have continued to be an active participant in the monetization processes.

Selected parties were identified last year for the sale of the Resource Recovery Facility and the monetization of Parking Facilities. Active negotiations continued with each party and the basic terms of the agreements are embodied in the Harrisburg Strong Plan.

The focus of the water and sewer system monetization changed however, and a decision was made to work towards the establishment of an operating authority that will have participation from all parties. This would transfer and consolidate the administrative, operational and financial responsibilities for the water and wastewater and storm water operations in the Harrisburg Authority (THA). This operational approach will address compliance with the Clean Water Act and the Chesapeake Bay requirements and is an acceptable model for the Department of Justice, EPA and DEP and is also favored by the suburban communities. Both the City and the Harrisburg Authority have agreed on this approach and work is now underway to transfer responsibility for the water, wastewater and storm water services to THA. OTR has also continued to participate in ongoing discussions with the Department of Justice and EPA, as work continues to address the State and Federal requirements.

THA has also recently agreed to execute a consent order with DEP related to the sewer system upgrade. During the quarter, the City and THA were awarded a \$26 million loan from PENNVEST. One of the conditions of the loan was the transfer of operational and financial responsibility to THA. The loan proceeds will be used to address the necessary upgrades to the wastewater treatment plant to meet Chesapeake Bay requirements. This initiative also involves a resolution with the suburban municipalities on the overcharges for sewer system operation. OTR has reached agreement with the suburban municipalities and provisions for the settlement are embodied in the Harrisburg Strong Plan.

Further, the OTR continued active discussions with both Assured Guaranty Corporation and Dauphin County, the two largest creditors, with respect to both the asset monetization processes and operational issues. Numerous meetings and conference calls were held as efforts intensified to reach a consensual solution. Agreement was reached with both in August and the terms of the agreements are also embodied in the Harrisburg Strong Plan. Likewise, similar discussions occurred with Covanta Energy and CIT and a consensual solution was agreed to by both. Their agreements are also addressed in the Harrisburg Strong Plan.

As we now move from confirmation of the Harrisburg Strong Plan to its consummation we will continue to keep the Court apprised of its status through both periodic meetings and our quarterly reports.

**MUNICIPAL FINANCIAL RECOVERY  
ADVISORY COMMITTEE  
MEETING MINUTES**

**MINUTES**  
**MUNICIPAL FINANCIAL RECOVERY ADVISORY COMMITTEE**  
**FOR THE CITY OF HARRISBURG**  
**June 26, 2013**  
**8:30 a.m.**  
**Council Chambers**

**Present:** William B. Lynch, Receiver

Fred W. Lighty, Esquire (Alternate), Dauphin County Board of Commissioners  
Doug Hill, County Commissioners Association of Pennsylvania (Governor's  
Appointee)

Anne Morrow (Recording Secretary)

**Absent:** Mayor Linda Thompson (Robert Philbin, Interim Chief of Staff, attended as  
Mayor's alternate)  
Wanda Williams, City Council President

**Reports**

Mr. Lynch called the Municipal Financial Recovery Advisory Committee meeting to order at 8:37 a.m.

Mr. Lynch asked the Committee members if there were any corrections or addendums to the minutes from the June 12, 2013 committee meeting.

Hearing none, Mr. Lynch said the minutes stand approved and would be posted to the Receiver's website.

Mr. Lynch acknowledged the recent action taken by the members of the Fraternal Order of Police by voting to approve an amendment to their contract. Mr. Lynch noted he greatly appreciates the leadership displayed by those men and women, their organization and thanked them for being part of the solution. This is the kind of leadership needed as we go through the recovery process. Mr. Lynch thanked those individuals and those that serve the City.

Mr. Lynch asked Mr. Reddig to provide an update on the implementation of the confirmed Recovery Plan.

**Operational Issues**

- The Office of the Receiver continues its work in implementing the various operational and creditor related issues that are part of the confirmed Recovery Plan.
- The City continues to actively recruit for 48 positions, a number of those are Fire positions previously approved by the Receiver's Office. Others include a Budget Manager, Health Officer, Demolition Specialist, Codes Officers, a Deputy Economic Development Director and an Operations Manager in the Bureau of Water.
- Since the last meeting the City has named Bob Philbin as the Interim Chief of Staff to fill a critical vacancy left by the departure of Ricardo Mendez-Saldivia. The City has

also selected a candidate to serve as the Assistance City Solicitor with a start date of mid-July. This will return the City to a full complement of 3 attorneys in the Law Bureau.

- Offers of employment have also been extended to seven candidates for Police Officer and a candidate for a Water Quality Manager in the Water Bureau.
- The Office of the Receiver continues to work with the City and Harrisburg Parking Authority to consider qualified personnel from HPA to fill City vacancies as they occur.
- The Office of the Receiver continues to devote a significant amount of effort in resolving various financial management related issues. We've worked with the City to address the recent vacancy as a result of the resignation of the Budget Manager. The City has moved the Accounting Analyst into the Budget Manager's role as an interim measure. This vacancy, along with the medical leave of the Purchasing Manager, has created an additional strain on the Finance Bureau. However, due to some of the cross-training that has occurred with new personnel, critical functions are covered, at this point, until the Budget Manager position can be filled.
- Trout, Ebersole & Groff (TEG) has continued audit preparation work for the 2012 audit. At the City's request approval was given to use the remaining, approximately \$50,000, of the DCED grant that was provided last year for audit preparation work. The TEG team has been engaged to provide additional audit prep work within the resources that currently exist in the Finance Bureau budget so as to maintain the mid-July completion date for the audit prep work. The Office of the Receiver has worked with the City on this additional engagement. Most of the issues related to the engagement have now been addressed and resolved, however, Council will need to act on this matter.
- Maher Duessel is on schedule to initiate work on the 2012 audit this summer upon completion of the TEG preliminary audit prep work. The target date for completion of the audit by Maher Duessel is mid-October and at that time the City will be up to date with all their audits.
- Rebuilding critical capacity in the Finance Bureau has been one of the most critical elements of the confirmed Plan. The two individuals that were hired last fall have been doing an excellent job of filling key roles in the Bureau. The recent departure of the Budget Manager, though, has created a short-term void in this key position. As part of the rebuilding of the Finance Bureau's capacity, we also want to insure that there's adequate cross-training of personnel so that when a vacancy does occur critical functions are able to be maintained until the vacancy is filled.
- As a follow up to the completion of the review of the City's Fleet Operation, the City has continued to move forward with the disposal of equipment per the report's recommendations. In addition, the DPW Director has also developed a job description for the Fleet Manager position consistent with the report's recommendations and the City is moving forward with this position.
- The RFP for Sanitation services was originally due this past Monday, June 24<sup>th</sup>, however, a one week extension until July 2<sup>nd</sup> was provided as there was a short-term delay in providing the addendum to the RFP that contained responses to questions

generated at the Pre-bid Conference. The addendum also included a provision for vendors to provide both a bid security and a performance bond. The extension, at the request of some of the vendors, will afford adequate time for those planning to submit to obtain the requisite bonds. The one week delay should not have an impact, however, on the planned implementation date of January 2014.

- Work also continues on an Insurance RFP that will consolidate the insurance coverage's for the City. Final elements of the RFP are currently being completed and we anticipate the issuance of the RFP around July 1<sup>st</sup>.
- We are also continuing to work with the City on initial stages of the updates to their Comprehensive Plan. The confirmed Plan contains three interrelated recommendations – 1.) An update of the City's Comprehensive Plan, 2.) Development of a Housing Strategy and 3.) Development of an Economic Development Strategy. Following a meeting in late April with the Mayor, City officials, the City's consultant and Office of the Receiver representatives; the consultant is revising the scope of work to ensure that the three initiatives are well coordinated and will also provide a cost estimate for this initiative.
- Negotiations also continue with the collective bargaining units to effect new bargaining contracts. As Receiver Lynch indicated, the contract with the FOP was approved by the membership last week and further meetings are being held with the AFSCME unit. There have also been discussions with legal counsel for the Fire Fighters union.

### **Cash Flow**

- The Receiver's Office continues to monitor City expenditures including the review of payables on a bi-weekly basis. Since the last meeting the review of the June 20<sup>th</sup> check-run was completed and a response provided to the City.
- The June 20<sup>th</sup> check-run totaled \$655,000 with the largest expenses being for payments to the City Treasurer for various Insurances. These totaled approximately \$412,000 and represented 64% of the total. They included payments to Highmark Blue Cross, Express Scripts and for liability insurance.
- The City's current cash position remains strong thru the end of the first 6 months. The majority of the City's revenues are received in the first part of the year, especially Real Estate Tax collections. Initial revenue is also beginning to be received from the imposition of the higher Earned Income Tax. The City has now been able to virtually bring all of its overdue payables up-to-date. Payables currently on hold total approximately \$2.8M with 99% of those represented by 7 major creditors including SunTrust, Metro Bank, City Treasurer for insurances, Pennsylvania Infrastructure Bank, Capital Area Transit and PPL.
- It's important to note, again, that the City has not, thru the first 6 months, needed to drawdown any of the \$4M from the Sewer and Sanitation Funds that was authorized at the beginning of the year.
- The City has also continued to comply with required Material Events Notices to be filed on EMMA related to the City's non-payment of certain debt obligations.

- The City had a cash balance as of June 13<sup>th</sup> of \$7,173,000, following the check-run on June 20<sup>th</sup> and an estimated payroll of \$1.1M; the City had a cash balance of approximately \$5.4M available.
- As the year progresses, the City's cash position will continue to be stable through the summer months, however, as we move into early fall months the City's cash position will in all likelihood move into a negative status and the City will need to begin holding and slowing down the payment of certain payables.

### **Asset Monetization**

- Negotiations continue with Lancaster County Solid Waste Management Authority (LCSWMA) on the sale of the Resource Recovery Facility. At this point there is no new update to provide from our prior report. The agreement with the Department of General Services (DGS) on a multiyear Power Purchase Agreement that adds material value to the incinerator sale continues to move thru the contract process. Also, the Asset Purchase Agreement is based on a term sheet that has been prepared and continues to be reviewed by all parties.
- The Receiver's Office also continues negotiations with Harrisburg First, the selected party for the parking monetization. A term sheet has been prepared, reviewed and revised by the Office of the Receiver advisors and Harrisburg First and is now being review by the creditors for additional enhancements. The term sheet is expected to be modified thru discussions with bond counsel, creditors and the credit enhancers. Finalization of the Commonwealth's parking consolidation proposal also continues to progress and will have a bearing on final terms of the parking transaction
- Labor negotiations with Harrisburg Parking Authority personnel also continue. The involvement of Standard Parking in this process has occurred recently and that has been a plus in the negotiations.
- We've also continued to work with the Pennsylvania Economic Development Financing Authority (PEDFA), the financing vehicle for the parking monetization. Attorneys for PEDFA, the Receiver and Harrisburg First all continue to work through various tax-related issues involved with this financing.
- The Office of the Receiver continues to work with the City, Harrisburg Authority and surrounding municipalities to create an Operating Authority for the water and sewer operation. This will transfer and consolidate the administrative operational and financial responsibilities for the water and sewer operation to an Operating Authority. This operational approach will address compliance issues related to the Clean Water Act and the Chesapeake Bay initiative and is an acceptable model that the regulatory agencies favor.
- The Office of the Receiver has also participated in ongoing discussions with the regulatory agencies, the Department of Justice, EPA at the Federal level and DEP at the State level. The Authority also agreed to move forward with a consent order with DEP related to the sewer system upgrade and has filed applications for \$52M in financing from PENNVEST. The proceeds will be used to address the necessary upgrades to the treatment plant. It's anticipated that a summer decision by PENNVEST will occur.

- OTR has continued dialog with Assured Guaranty Corporation and Dauphin County, as well as AMBAC, Covanta and other major creditors to keep all of them apprised of the asset monetization processes as we move forward and work hard towards reaching a consensual solution to the City's fiscal condition.

Mr. Lynch asked Mr. Kroboth, Financial Director for the City of Harrisburg, to provide an update on the Act 47 implementation.

- Mr. Kroboth noted during the past two weeks we continue to meet with the implementation teams on the Financial Plan initiatives.
- The Sanitation RFP process is going well but due to the number and complexity of the contractor questions, requests for clarification and the need for legal review along with an issuance of an addendum, the Receiver team extended the deadline one additional week for proposal submissions from Friday, June 24<sup>th</sup> to Tuesday, July 2<sup>nd</sup> at 3 p.m. An addendum and related attachments memorializing changes to the RFP resulting from the contractor's questions and City responses was prepared and emailed to all prospective contractors on Monday, June 17<sup>th</sup>, and posted on the City's website. The Mayor has chosen a three-member Selection Review Committee to assess and grade the proposals with oversight by the Receiver's Team.
- City Council considered a burglar alarm and other fee increases for public safety for Police and Fire services based on the Maximus Full Cost Recovery Study at its Committee meeting on Thursday, June 20<sup>th</sup>.
- The final draft of the Insurance RFP for the current premium year's insurance renewals has been distributed to Law Bureau and Insurance & Risk Management staff for substantive legal and insurance coverage information review and edits. The Insurance RFP issuance is anticipated on or about June 30<sup>th</sup>.
- An offer of employment was made to a selected candidate for the position of Assistant City Solicitor. Start date is scheduled for July 15<sup>th</sup>, bringing the Staff Attorney compliment to three, completing this initiative.
- A Police Fleet survey was completed and the replacement plan incorporated into the budget development and grants writing processes. Marked patrol vehicles with more than 75,000 miles are the priority for replacement. Ten new patrol vehicles have been ordered, with an estimated delivery date of late July. These vehicles and installation of police equipment are being funded via the 2012 Local Share Gaming Grant of \$409,202 awarded by Dauphin County. This completes this initiative.
- A conditional offer of employment has been tendered to the successful candidate for the position of Rehabilitation Specialist 1, a HUD funded position, effective Monday, July 15<sup>th</sup>, completing this initiative.

### **Financial Management**

- The 2012 audit preparation continues in earnest. Trout, Ebersole & Groff continue their audit preparation field work. Their engagement is anticipated to conclude by approximately July 15<sup>th</sup>. It is anticipated that Maher Duessel will begin their 2012 audit

field work immediately following TEG's engagement completion, assuming the City and TEG have provided all necessary deliverables to Maher Duessel by July 15<sup>th</sup>. The Administration anticipates publicly issuing the 2012 Audit/CAFR and other related reports on or about October 15<sup>th</sup>.

### **Cash Flow**

- The June 20<sup>th</sup> payroll, benefits and critical vendor payments have all been funded without the need to draw on the \$4M interfund loan from the Sanitation and Sewer Funds authorized by City Council in January.
- No loan funds have been drawn upon to-date, primarily due to the receipt of real estate tax discount and flat period revenues received during March and May. It is unlikely that any loan funds will be drawn against in the immediate future. Earned Income Tax receipts from the additional 1% Act 47 rate increase effective January 1, 2013 are expected to be realized beginning in late June/early July.
- The General Fund cash balance after the June 20<sup>th</sup> payroll/check-run was approximately \$5.4M.
- Vendor Accounts Payable and other short-term liabilities currently on hold following the June 20<sup>th</sup> check-run total approximately \$2.8M, a decrease of \$440,000 since the June 12<sup>th</sup> Advisory Committee meeting.

### **Financial Reporting and Compliance**

- We are in compliance with the City's financial reporting obligations. No material events have occurred since the last Advisory Committee meeting that necessitated the publication of a Material Event Notice on SEC's EMMA.
- State Liquid Fuels Tax Audit field work continued intermittently by PENNDOT for the 2010 thru 2012 calendar years.

### **Budget Management**

- Preparations for the 2013 Government Finance Officers Association (GFOA) Distinguished Budget Presentation Award submission were restarted after having to temporarily put the project on hold to focus on the Budget Manager and Purchasing functions transition training. A 30-day extension to apply for the award was granted by GFOA until July 1<sup>st</sup>. A successive 30-day extension can be requested and granted based on circumstances. We have made significant progress, but anticipate having to request an additional 30-day extension to complete the project.

### **Purchasing Management**

- One award letter and contract was completed resulting from a bid process.
- Our Acting Budget Manager (former Staff Accountant/Financial Analyst) has been doing a great job of maintaining daily purchasing office functions as the current Purchasing Manager remains on extended medical leave.

## **Grants Management**

- No grant applications were submitted since our last Advisory Committee meeting on June 12<sup>th</sup>. The following is a list of grant applications that were completed and submitted during 2013:
  1. Byrne Criminal Justice Program 2013: \$1,000,000 (March 2013)
  2. Information Technology - FEMA: \$125,000 (March 2013)
  3. Community Based Violence Prevention: \$1,500,000 (April 2013)
  4. PENNVEST - 4<sup>th</sup> St. Utilities/Sinkhole Project: \$900,000 (May 2013)
  5. COPS Hiring Grant 2013: \$800,000 or \$600,000 (depending on distress)
  6. Section 902 - Recycling Grant: \$250,000 (May 2013)
- To date, the City has not heard back from any of these grant applications.

In summary, the City continues to make notable progress on the implementation of the Financial Recovery Plan, preparation for the 2012 audit and re-stabilization of financial management operations.

## **Committee Comments**

Mr. Lynch asked the committee members if they had any comments.

There were no comments from the committee members.

## **Public Comments**

Mr. Lynch asked if there were any public comments.

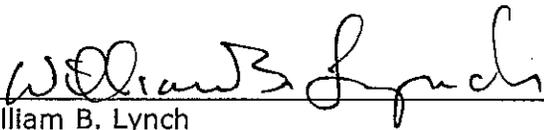

Lewis Butts, resident of Harrisburg

- Mr. Butts noted he applied, along with the City, for a grant in the amount of \$65,000 to complete a feasibility study on the Hydroelectric Dam Project. Mr. Butts requested the leadership of the Advisory Committee to assist in obtaining funds for this project.
- Mr. Butts noted Pennsylvania has Marcellus Shale but as a whole needs a new alternative energy source. Harrisburg can be that poster child for hydroelectric power in Pennsylvania. This project is very lucrative and will be a long lasting revenue producer.
- Mr. Butts also noted along within the Economic Development Plan, the City has McCormick Island which can be used as a cash crop to grow produce whereby using the land the City already has to increase revenue.
  - Mr. Lynch asked if the grant application was with Dauphin County.
- Mr. Butts confirmed the grant application was submitted to Dauphin County, which the City acted upon, but was denied. Mr. Butts, again, asked the Advisory Committee to take these recommendations into consideration in moving forward through the recovery process and to use as economic leverage.

- Mr. Lynch requested Mr. Butts provide a copy of the signatory that was provided to Dauphin County.
- Mr. Butts noted he will provide a copy of the grant application to the Office of the Receiver.

Mr. Lynch asked if there were any other comments. Hearing none Mr. Lynch called this meeting adjourned at 9:03 a.m.

Approved this 26<sup>th</sup> day of June 2013.

William B. Lynch  
Receiver for the City of Harrisburg

Secretary - Anne Morrow

**MINUTES**  
**MUNICIPAL FINANCIAL RECOVERY ADVISORY COMMITTEE**  
**FOR THE CITY OF HARRISBURG**  
**July 10, 2013**  
**8:30 a.m.**  
**Council Chambers**

**Present:** Wanda Williams, City Council President  
Fred W. Lighty, Esquire (Alternate), Dauphin County Board of Commissioners  
Doug Hill, County Commissioners Association of Pennsylvania (Governor's  
Appointee)

Anne Morrow (Recording Secretary)

**Absent:** William B. Lynch, Receiver (Fred A. Reddig, Acting Administrator for the Office of  
the Receiver for the City of Harrisburg, attended as Receiver's alternate)  
Mayor Linda Thompson (Robert Philbin, Interim Chief of Staff, attended as  
Mayor's alternate)

**Reports**

Mr. Reddig called the Municipal Financial Recovery Advisory Committee meeting to order at 8:35 a.m.

Mr. Reddig asked the Committee members if there were any corrections or addendums to the minutes from the June 26, 2013 committee meeting.

Hearing none, Mr. Reddig said the minutes stand approved and would be posted to the Receiver's website.

Mr. Reddig provided an update on the implementation of the confirmed Recovery Plan.

**Operational Issues**

- The Office of the Receiver continues its work in implementing various operational and creditor debt resolution issues that are part of the confirmed Recovery Plan. The Quarterly Report was completed and filed with Commonwealth Court on June 28, 2013. Copies of the report were provided to the Mayor and City Council. A link to the report was provided to committee members and City officials and can be viewed on the Receiver's website by the general public.
- The City continues to recruit for approximately 60 positions. Many of which are public safety positions. Seventeen are Fire positions for which applications are being accepted thru July 26 and another 24 are Police positions. Others include a Budget Manager, Health Officer, Demolition Specialist, Codes Officers, a Deputy Economic Development Director and a Distribution Supervisor, Maintenance Specialist and an Operations Manager; all three positions are in the Water Bureau.
- Since the last meeting, the OTR has approved a Secretary I position in the Codes Bureau that occurred as a result of a promotion. Seven candidates also accepted offers of employment for Police Officer. Five of those candidates successfully passed their

physical and have been sworn in and are to start at the Police Academy at HACC this month.

- The OTR continues to work with the City and Harrisburg Parking Authority to consider qualified personnel from HPA to fill critical City vacancies.
- The OTR continues to devote significant effort in working with the City on various financial management issues. Trout, Ebersole & Groff (TEG) continues their work to prepare for the 2012 audit. With the vacancy of the Budget Manager position along with the extended medical leave of the Purchasing Director, the Bureau of Finance has had to do a bit of shuffling of personnel. The Accounting Analyst has been reassigned to some of the Budget Manager responsibilities during the interim until this position is filled.
- TEG has also been engaged to complete some additional audit prep work that originally was not anticipated in their scope of work but was to be done by the Accounting Analyst and Accounting Manager. However, due to the vacancy in the Budget Manager position this work has been rerouted temporarily. TEG continues to stay on track to complete their audit prep work by mid-July after which their work will be handed off to the City's certified public accountant, Maher Duessel, to begin work on the 2012 audit. It is anticipated that the audit will be completed by mid-October bringing the City's audits fully up-to-date.
- As a follow up to the completion of the City's Fleet Operation review, the City continues to move forward with the disposal of various equipment per the report's recommendations. Recently, the DPW Director has developed a job description for the Fleet Manager position consistent with the report's recommendations.
- Five proposals were received last week in response to the sanitation services RFP and are currently under review. The extension of the additional week in submitting the proposals provided time for the vendors to acquire the requisite bonds that were part of the RFP. The one-week delay should not have an impact on our ability to implement the Sanitation Service Contract in early 2014, assuming the bids pan out positively and in the City's best interest.
- Work also continues on an Insurance RFP that will consolidate insurance coverage. We are coordinating this process with the renewal schedules for insurance and anticipate that the new coverage will go into effect this fall.
- Work continues with the City on initial stages of an update to the Comprehensive Plan and its integration with an economic development strategy and the development of a housing strategy. A conference call with the consultant is anticipated for later this week to discuss further elements of that project.
- Negotiations are also continuing with the collective bargaining units as we reported at the last meeting. The Fraternal Order of Police approved the contract amendment at a mid-June meeting. Active negotiations are also underway with AFSCME. We are optimistic that this will be brought to a conclusion in the near term. Efforts to work with counsel for the Fire Fighters have proven fruitful establishing a bargaining session

for them within the next week to 10 days based on correspondence as late as yesterday afternoon.

### **Cash Flow**

- The Receiver's Office continues to monitor City expenditures and reviews payables on a bi-weekly basis. Since the last meeting, we reviewed the July 3<sup>rd</sup> check-run. It totaled \$888,975 with the largest expenses being for payments to the City Treasurer for various insurances that represented 69% of the total. They included payments to Highmark Blue Cross, Express Scripts, dental insurance and a quarterly payment for Workers Compensation.
- The City's current cash position remains strong thru the end of the first 6 months. A full 6-month summary should be available at the next meeting. The majority of the City's revenue is received in the first part of the year, especially Real Estate Tax collections. The City has now been able to bring virtually all of its overdue payables into a current status. Payables currently on hold total approximately \$3.4M. Those over 90 days total approximately \$2.7M with 99% represented by several large creditors that are involved with debt obligations. They include SunTrust, Metro Bank and Pennsylvania Infrastructure Bank. Negotiations with all of those entities are in play as part of the broader creditor negotiation process. The City has also been working with PPL to identify and resolve various PPL accounts, which is the other large outstanding creditor.
- The City had a cash balance of approximately \$5.9M as of June 27<sup>th</sup>. Following the check-run and an estimated payroll of \$1.1M that occurred last week, the City had a cash balance of approximately \$3.9M available, which is about \$1.3M less than after the prior check-run. The City's cash balance is now beginning to slowly erode and will need to be monitored closely as we move through the summer months to ensure the ability to meet critical obligations. The City should be receiving payments on the Earned Income Tax as well as normal distributions for this tax, which will help cash flow thru the summer months.

### **Asset Monetization**

- Negotiations with Lancaster County Solid Waste Management Authority (LCSWMA) have continued with the sale of the Resource Recovery Facility. At this point, there is no new update to provide from our prior report. The Power Purchase Agreement continues to move thru the Department of General Services (DGS) process and all parties are reviewing a term sheet. A meeting was held last week with LCSWMA to discuss issues related to the \$8M Redevelopment Capital Assistance Program Grant. We are continuing to coordinate this effort with the Office of the Budget.
- Negotiations continue with Harrisburg First, the selected party for the parking monetization. A term sheet has been prepared, reviewed and revised by the Office of the Receiver's advisors and Harrisburg First and is currently under review by the various creditors. The changes in interest rates that have occurred in the broader market place have had an impact on this monetization. We are also working with bond counsel for Pennsylvania Economic Development Financing Authority (PEDFA) to work thru tax related issues associated with the financing.

- OTR continues to work with the City, Harrisburg Authority and surrounding municipalities to create an Operating Authority for the water and sewer operation. This will transfer and consolidate the administrative operational and financial responsibilities for the water and sewer operation to an Operating Authority. This operational approach would address the issues related to the Clean Water Act and the Chesapeake Bay requirements and is deemed positive by the Department of Justice, EPA and DEP.
- OTR continues dialog with Assured Guaranty Corporation and Dauphin County on the asset monetization process and other related issues as we work towards achieving a consensual resolution to the City's fiscal crisis.

Mr. Reddig asked Mr. Kroboth, Financial Director for the City of Harrisburg, to provide an update on the Act 47 implementation.

- Mr. Kroboth noted he passed out a copy of his report to the committee members and to avoid any redundancy, as Mr. Reddig covered certain aspects thoroughly, may pass by a couple of the sections.
- The Sanitation RFP process is going well. The public bid opening for the Request for Proposals (RFP) #11-2012 for Solid Waste and Recycling Collection and Disposal Services was held Tuesday, July 2<sup>nd</sup> at 3 p.m. in the City Government Center. There were five bidders.
- The Mayor has chosen an in-house RFP Selection Review Committee to assess and grade the proposals, with oversight by the Receiver Team. A draft RFP Evaluation Matrix has been created, based in part on the matrix previously created and utilized by the City for other RFP evaluations, to evaluate critical RFP criteria using a weighted average grading approach for each of the criteria.
- The current plan is for the Committee to recommend three semi-finalists to the Mayor for her review and consideration, with an interview and new grading process likely for all three. The Mayor would then likely choose the finalist, with concurrence from the Receiver. The Mayor and Receiver's finalist recommendation may then need to go before City Council, if, the Mayor and Receiver determine it is in the City's best interest to proceed to contract out these sanitation services rather than for the City to maintain them.
- The RFP Selection Review Committee is scheduled to meet to begin the review process formally on Tuesday, July 16<sup>th</sup>. It is anticipated that the RFP documents will be distributed to the Committee at that meeting, as well as the draft-grading matrix, which will be further refined by the Committee.
- The draft RFP for insurance brokerage services prepared for the upcoming premium year's all-risk, health stop loss, and workers compensation excess insurance renewals has been returned from the Law Bureau and Insurance & Risk Management staff following the review for substantive legal and insurance coverage information. The edits are expected to be made with a final draft of the RFP distributed for approval by Friday, July 12<sup>th</sup>. Public issuance and advertisement of the RFP is anticipated on or about Thursday, July 18<sup>th</sup>.

- As previously reported, an offer of employment was made to a selected candidate for the position of Assistant City Solicitor. A start date is scheduled for July 15<sup>th</sup>, bringing the Staff Attorney compliment to three, completing this initiative.
- A Police Fleet survey was completed incorporating the replacement plan into the budget development and grant writing processes. Marked patrol vehicles with more than 75,000 miles are the priority for replacement. Ten new patrol vehicles have been ordered, with an estimated delivery date of late July. These vehicles and installation of police equipment are being funded via the 2012 Local Share Gaming Grant of \$409,202 awarded by Dauphin County. These actions will complete this initiative.
- A conditional offer of employment has been tendered to the successful candidate for the position of Rehabilitation Specialist I effective Monday, July 15<sup>th</sup>, completing this initiative.

### **Financial Management**

- The 2012 audit preparation continues in earnest. Accounting firm Trout, Ebersole & Groff completed their audit preparation fieldwork on July 3<sup>rd</sup>. Their engagement is anticipated to conclude by approximately July 15<sup>th</sup>. It is anticipated that Maher Duessel, CPA's, the City's auditors, will begin their 2012 audit fieldwork immediately following TEG's engagement completion, assuming the City and TEG have provided all necessary deliverables to Maher Duessel by July 15<sup>th</sup>. The Administration anticipates publicly issuing the 2012 Comprehensive Annual Financial Report (CAFR) and other related audit reports on or about October 15, 2013 and is currently on schedule to do so.

### **Cash Flow**

- Mr. Kroboth noted Mr. Reddig covered the cash flow section thoroughly and he did not need to add any further comments.

### **Financial Reporting and Compliance**

- The City is in compliance with its financial reporting obligations. No material events have occurred since the last Advisory Committee meeting necessitating the publication of a "Material Event Notice" on EMMA. However, a "Notice of Non-filing of Annual Information as Required" will be filed on EMMA on or before July 12<sup>th</sup> due to the City's 2012 CAFR not being issued as of June 30, 2013, or within 180-days following the end of the City's fiscal year, as required by certain of its bond indentures.

### **Budget Management**

- The City received written notice from the Government Finance Officers Association (GFOA) of the United States and Canada on Friday, July 5<sup>th</sup>, that it had been awarded the City its Distinguished Budget Presentation Award for the City's 2012 Budget document. This award is the highest form of recognition in governmental budgeting and represents a significant achievement by our government.

- Preparations for the 2013 Government Finance Officers Association (GFOA) Distinguished Budget Presentation Award submission were restarted in June after having to temporarily put the project on hold to focus on the Budget Manager and Purchasing functions transitional training. A second 30-day extension to apply for the Award was granted by GFOA until August 1<sup>st</sup>. Successive 30-day extensions can be requested and granted based on circumstances. We have made significant progress, and anticipate completing the project on or before August 1<sup>st</sup>.
- Preparations have begun to develop the City's 2013 Mid-Year Fiscal Report. The Report is due to City Council by August 14<sup>th</sup>.
- The Mayor has scheduled interviews with two Budget Manager position candidates on July 24<sup>th</sup>.

### **Purchasing Management**

- One award letter and contract was completed resulting from bids process.
- It's important to note again Yanxia Liu, our Acting Budget Manager (former Staff Accountant/Financial Analyst) continues to do a great job of maintaining daily purchasing office functions as the current Purchasing Manager remains on extended medical leave.

### **Grants Management**

- No grant applications were submitted this reporting period. Applications for six grants have been completed and submitted with results pending.
  1. Byrne Criminal Justice Program 2013: \$1,000,000 (March 2013)
  2. Information Technology – FEMA: \$125,000 (March 2013)
  3. Community Based Violence Prevention: \$1,500,000 (April 2013)
  4. PENNVEST – 4<sup>th</sup> St. Utilities/Sinkhole Project: \$900,000 (May 2013)
  5. COPS Hiring Grant 2013: \$800,000 or \$600,000 (depending on distress)
  6. Section 902 – Recycling Grant: \$250,000 (May 2013)
- To date, the City has not heard back from any of these grant applications.

In summary, the City continues to make progress on the implementation of the Financial Recovery Plan, preparation for the 2012 audit and re-stabilization of the Bureau of Financial Management operations.

Mr. Reddig congratulated Mr. Kroboth along with the City Administration on receiving the GFOA budget award recognition.

Mr. Reddig asked the committee members if there were any questions regarding the reports.

- Council President Williams asked Mr. Kroboth who is on the RFP Committee.
  - Mr. Kroboth noted Mayor Thompson appointed the Public Works Director, the Business Administrator/Chief of Staff and the Finance Director.

- Council President Williams asked Mr. Kroboth about the City being non-compliant and if an extension has been given to the City.
  - Mr. Kroboth explained the City guarantees bond issues and in the indentures, there are certain continuing disclosure requirements within the trust indenture. The majority of trust indentures stipulates 270 days, which is September 30<sup>th</sup>, however, there are a few of the debts that the City guarantees, more of the later issues, that indicate a June 30<sup>th</sup> date or 180 days. Since we weren't able to complete our 2012 audit filing of CAFR on EMMA by June 30<sup>th</sup>, we have a continuing disclosure requirement pursuant to the SEC regulation to let the bond market know that the City is in the process of filing but that the audit is late and will be issued on or about October 2013. The City is in compliance as long as we disclose this information that was reported.
- Mr. Hill asked Mr. Reddig with the Commonwealth passing the General Fund Budget in the past week and a half, is there anything material out of the Commonwealth budget that the City should be aware of or anything unusual.
  - Mr. Reddig noted there were two allocations provided for in the budget to address fire protection cost to the City. One was a line item in the Department of General Services budget for \$496,000 and was specifically identified for fire protection. The second was line item in the DCED budget that would represent the balance to raise the fire protection allocation to \$5M.

**Committee Comments**

Mr. Reddig asked the committee members if they had any comments.

There were no committee member comments.

**Public Comments**

Mr. Reddig asked if there were any public comments.

Mr. Mindlin, resident of Harrisburg

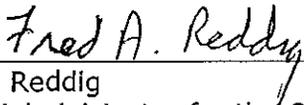

- Mr. Mindlin suggested that a change is needed in the way the Comprehensive Plan is being approached. He noted the future of this City, economically, is highly depended on the way in which economic and comprehensive plans are put together and what is replaced. He further stated it's not simply a question of trying to eliminate the debt but to have a long-term plan on what the City ends up being, how the City will move forward, whether or not the City is able to attract people to the community and what kind of community the City will be. If that is not in line with the needs of the future and if our future is not in line with the plan for the discharge of debt, you've got decadence that can't function.
- The Comprehensive Plan is inherently a very democratic process. This process needs to be brought out into the open and needs to start with the neighborhoods. There are methodologies for this type of process. This is something that needs to be completely rethought, brought out and started in a different fashion than what is going on

currently. The future of this City is very near and dear to the people of the community and they are not going to turn it over to a very small select group of people to decide what the future of this community is going to be. They want to have a say in it. Mr. Mindlin asked the committee to cogitate on this thought as the City moves forward in near term.

- o Mr. Reddig noted that the Mayor has appointed a Steering Committee that would be engaged in that process and it is a broad based committee. Recognizing Mr. Mindlin's comments, Mr. Reddig noted the Comprehensive Plan does need to be a community-based type of process. The work that is in place now is simply the groundwork for that process as it begins to move forward.

Mr. Reddig asked if there were any other comments. Hearing none Mr. Reddig called this meeting adjourned at 9:02 a.m.

Approved this 10<sup>th</sup> day of July 2013.

Fred A. Reddig  
Acting Administrator for the Office of the  
Receiver for the City of Harrisburg

Secretary - Anne Morrow

**MINUTES**  
**MUNICIPAL FINANCIAL RECOVERY ADVISORY COMMITTEE**  
**FOR THE CITY OF HARRISBURG**  
**July 24, 2013**  
**8:30 a.m.**  
**Council Chambers**

**Present:** William B. Lynch, Receiver

Wanda Williams, City Council President  
Fred W. Lighty, Esquire (Alternate), Dauphin County Board of Commissioners  
Doug Hill, County Commissioners Association of Pennsylvania (Governor's  
Appointee)

Anne Morrow (Recording Secretary)

**Absent:** Mayor Linda Thompson (Robert Philbin, Interim Chief of Staff, attended as  
Mayor's alternate)

**Reports**

Mr. Lynch called the Municipal Financial Recovery Advisory Committee meeting to order at 8:35 a.m.

Mr. Lynch asked the Committee members if there were any corrections or addendums to the minutes from the July 10, 2013 committee meeting.

Hearing none, Mr. Lynch said the minutes stand approved and would be posted to the Receiver's website.

Mr. Lynch asked Mr. Reddig to provide an update on the implementation of the confirmed Recovery Plan.

**Operational Issues**

- Mr. Reddig noted the Office of the Receiver continues its work in implementing various operational and creditor debt resolution issues that are part of the confirmed Recovery Plan. In addition to the Receiver's recently filed Quarterly Status Report, the City has posted an updated Act 47 Implementation Matrix on their website that tracks all of the various recommendations.
- The City continues to actively recruit for approximately 60 positions. Seventeen of those are Fire positions that were previously approved by the Receiver's Office. Applications are currently being accepted through July 26<sup>th</sup> for the Fire Fighter positions. Nineteen of the positions are Police Officer positions that also have been approved by the Receiver.
- The City has moved forward in participating with the Dauphin County Police Chief's Association Joint Candidate Testing Program. This is a cooperative approach that the City is engaged in to share in the cost of recruitment rather than having to bear the cost alone and the Receiver has acknowledged that as a very positive step. The

application period under the joint program opened on July 14<sup>th</sup> and applications will be accepted through August 7<sup>th</sup>.

- Other positions currently being recruited for include a Budget Manager, Health Officer, Distribution Supervisor, Operator I and Operations Manager; the last three are all in the Water Bureau.
- Since the last meeting, the OTR has approved the filling of the Fleet Manager position in the Department of Public Works. This is a recommendation that was contained in the Fleet Management Report. Positions filled since the last meeting and that have started include the Assistant City Solicitor, a Rehabilitations Specialist in the Bureau of Building and Housing Development and a Maintenance Specialist in the Water Bureau.
- The OTR continues to work with the City and Harrisburg Parking Authority to consider qualified personnel from HPA to fill various City vacancies as they occur.
- The OTR continues to devote significant effort in working with the City on various financial management issues. Trout, Ebersole & Groff (TEG) completed the audit preparation work last week. That material has been provided to Maher Duessel, the City's CPA firm. Maher Duessel has begun work on the 2012 audit with a completion date scheduled for mid-October.
- With the vacancy of the Budget Manager position along with the extended medical leave of the Purchasing Director, the Accounting Analyst has been assigned some of the responsibilities both of the Budget Manager and of the Purchasing Director and has been doing an excellent job.
- As a follow up to the completion of the review of the City's Fleet Operation, the City has continued to move forward with the disposal of various equipment per the report's recommendation. To date, revenue from the disposition of equipment has exceeded the original estimations, which were conservatively based.
- The Sanitation RFP proposals, as reported as the last meeting, were received and are currently under review. Proposals were received from Interstate Waste Services of Pennsylvania, Penn Waste, Red River Corporation, Republic Services and Waste Management. Each bidder offered proposals on three different contract options; 1.) Single Family Refuse and Recycling Only, 2.) Multi-Family and Commercial Only or 3.) Single Family, Multi-Family and Commercial Combined. At a minimum under each option, the City would continue to collect refuse and recycling in City parks and on City streets and manage illegal dumping. The City could select any of the three options or none based on what is in the best interest of the City.
- A Selection Committee consisting of the DPW Director, Chief of Staff and Business Administrator is in place and has begun the review process. The review will take some time as the proposals are fairly detailed, especially with the three different options. The committee will be undertaking both a financial and operational analysis and scoring each of the proposals based on eight-weighted criteria.
- The development of the Insurance RFP has also been completed. It was issued the end of last week. Proposals are due on August 13<sup>th</sup>. The RFP consolidates the insurance

coverage for the City to include Property, Liability, Vehicle, Public Officials, Errors and Omissions and Worker's Compensation Insurance. The RFP process is being coordinated with the City's renewal schedules that are up for renewal this fall. At several points, the initial term for the consolidated insurance would be for one year with the ability to renew for up to two additional years:

- We continue work with the City on initial stages of an update to the Comprehensive Plan. The confirmed Plan contains interrelated recommendations that involve an update of the City's Comprehensive Plan as well as an Economic Development strategy and a Housing strategy. Following an earlier meeting with the Mayor, City Officials, the City Consultant and OTR Representatives, the Consultant is revising the scope to ensure the three initiatives are well coordinated. The process, once initiated, will provide opportunity for public input.
- The City received approval for a \$900,000 loan from PENNVEST for the 4<sup>th</sup> Street sinkhole related damages. Funds will support upgraded waterlines, reconnect laterals and make other repairs as a result of the sinkholes that occurred earlier this year. The interest rate would be 1% for the first 5 years, increasing to 1.275% for the remaining 15 years of the 20-year term of the loan.
- The OTR has also been working with the City to process funding requests with the Department of General Services and with DCED that relate to the \$5M that was included in the State's FY13/14 Budget for Fire Protection related services. We anticipate the City should receive these funds within the next 4-8 weeks.
- Negotiations are also continuing with the collective bargaining units to effect new bargaining contracts consistent with the cost containment provisions of the confirmed Recovery Plan. Informational meetings have been held this week on Monday and Tuesday with the AFSCME bargaining unit and a proposed amendment to the contract is happening today. Negotiation sessions are also scheduled with the IAFF for mid-August. As previously reported, the Fraternal Order of Police has already voted in favor of the new contract terms.

### **Cash Flow**

- The Receiver's Office continues to monitor City expenditures including the review of payables on a bi-weekly basis. Since the last meeting, we reviewed the July 18<sup>th</sup> check-run and provided a response to the City. That check-run totaled \$802,500 with the largest expenses to the City Treasurer for various insurances that represented 57% of the total amount. The next largest payment was to PPL for \$215,000, or about 26% of the total, which involved a reconciliation of a number of outstanding PPL payables. The City is now able to reconcile approximately 72% of the outstanding amount due to PPL and work continues to reconcile the remaining amount. The City has now been able to bring virtually all of its overdue payables into a current status. Payables currently on hold total approximately \$2.7M, which is about \$658,000 less than at the end of June. Those over 60 days total \$2.5M, with 99% represented by six creditors, primarily the debt obligations that are due to SunTrust, Metro Bank, Pennsylvania Infrastructure Bank, and payments to Capital Area Transit and PPL.
- As of July 11<sup>th</sup>, the City had a cash balance of \$5.2M. With the check-run and an estimated payroll of \$1.1M, that occurred the end of last week, the City had a cash

balance of approximately \$3.3M available as of July 19<sup>th</sup>. The City's cash balance is beginning to erode and will need to be monitored closely as we move through the summer months to ensure the ability to meet critical creditor obligations. The City is beginning to receive revenue from the Earned Income Tax and we anticipate the receipt of the State funds later this summer, as well, which should allow the City to maintain fiscal stability moving into late summer, early fall-time period.

### **Asset Monetization**

- Negotiations continue with the Lancaster County Solid Waste Management Authority (LCSWMA) on the sale of the Resource Recovery Facility. Over the last two weeks, we have been working with the Office of the Budget to solidify the process by which the \$8M in the Capital Redevelopment Assistance Program Grant can be factored into the deal.
- The OTR continues its negotiations with Harrisburg First, the selected party on the parking monetization. A term sheet has been prepared, reviewed and revised by the Receiver's Office advisors and Harrisburg First and is now being reviewed by all. The term sheet is expected to be further modified through the discussions with bond counsel, the creditors and credit enhancers.
- Finalization of the Commonwealth parking consolidation proposals continues to progress and will have a significant impact on the final terms of the parking transaction. Labor negotiations with Harrisburg Parking Authority personnel also continue. The revision of the existing contract is another critical element of the monetization and we've involved Standard Parking, the operator under the Harrisburg First arrangement, in that discussion.
- We've also continued to work with PEDFA, the Pennsylvania Economic Development Financing Authority, on the financing for the parking monetization. Attorneys for both PEDFA and Harrisburg First are working through various tax related issues involved with this financing.
- The OTR also continues work with the City, Harrisburg Authority and surrounding municipalities to create an Operating Authority for the water and sewer operation. The Authority received approval from PENNVEST on a request for a low interest loan. The Authority's approval was for a \$26M loan from PENNVEST that would assist with upgrades to the wastewater treatment plant that would address compliance issues as a result of the Chesapeake Bay Initiative and Clean Water Act requirements. This is approximately half the amount needed for the upgrade with the balance to be obtained through conventional financing. The interest rate would be 1% for the first 5 years, increasing to 1.275% for the remaining 15 years of the term of the loan. PENNVEST has placed a number of conditions on the loan, including the transfer of the system to the Harrisburg Authority and the completion of all of the audits.
- The OTR continues dialog with Assured Guaranty Corporation, Dauphin County, AMBAC and other major creditors to keep them apprised of the monetization processes as we continue to move forward.

Mr. Lynch asked Mr. Kroboth, Financial Director for the City of Harrisburg, to provide an update on the Act 47 implementation.

- Mr. Kroboth noted since the last advisory meeting, the Administration continues to meet with the implementation teams.
- The RFP Selection Review Committee met on July 16<sup>th</sup> to begin the review process. The draft review criteria, sub-criteria and associated grading matrix were further refined by the Committee and are to be finalized on or about July 26<sup>th</sup>. The Committee intends to have their evaluation and grading process completed by August 9<sup>th</sup>. At our next Committee meeting, on August 13<sup>th</sup>, we plan to review the rankings and develop recommendations for a finalist for review by the Mayor and Receiver. The Committee's recommendation is expected to be presented to the Mayor and Receiver the week of August 19<sup>th</sup>, with potential interviews the week of August 26<sup>th</sup>.
- The RFP for Insurance Brokerage Services prepared for the upcoming premium year's All-Risk, Health Stop Loss, and Workers Compensation Excess Insurance Renewals was publicly issued and advertised on Tuesday, July 23<sup>rd</sup>. The proposal submission deadline is August 13<sup>th</sup>.
- On July 9th, City Council read into the record Bill No. 20-2013 to increase the current \$20,000 line-item budget transfer threshold to \$50,000 for budget reallocations as set forth in the City's Appropriation and Expenditure Procedures. This final step completed this initiative.
- The selected candidate for the position of Assistant City Solicitor accepted an offer of employment. The start date was July 15<sup>th</sup>, bringing the Staff Attorney's office compliment to three, completing this initiative.
- A Police Fleet survey was completed and the replacement plan incorporated into the budget development and grants writing processes. Marked Patrol vehicles with more than 75,000 miles are the priority for replacement. Ten new patrol vehicles have been ordered, with an estimated late July delivery date. These vehicles and installation of police equipment are being funded via the 2012 Local Share Gaming Grant of \$409,202 awarded by Dauphin County. This completes this initiative.
- The successful candidate for the position of Rehabilitation Specialist 1 accepted a conditional offer of employment. The start date was July 15<sup>th</sup>, completing this initiative.
- The Administration completed Phase 1 of the Harrisburg Historic Artifact Auction initiative from July 12<sup>th</sup> through July 21<sup>st</sup> with the largest such auction in history. More than 10,000 bidders from every U.S. state and 40 nations around the world took part in this historic artifact auction. Phase 1 of the auction of more than 8,000 artifacts produced gross sales of \$3,143,795, netting the City of Harrisburg \$2,577,911 as of July 23<sup>rd</sup>.
- Phase 2 of the Historic Harrisburg Artifact Collection auction will occur in mid-September at Guernsey's in New York City. Phase 2 will include an auction of thousands of historic documents, letters and certificates contained in the Historic Harrisburg Collection.

- A new initiative, Collection of \$1M in Ordinance and Parking Fines (REV15) created by the Mayor and Receiver, calls for the organization of a task force made up of special unit police, constables and codes officers to identify, locate and issue arrest warrants for individuals with the highest amount of parking and ordinance violations in the City of Harrisburg. A collection plan and task force has been organized, and arrests and public announcements will be scheduled in the near future.

### **Financial Management**

- The 2012 Audit is underway. Maher Duessel began their 2012 audit fieldwork on July 15<sup>th</sup> with seven auditors strong. Assuming the City provides all required deliverables as scheduled, Maher Duessel plans to provide the Administration a draft financial statement by mid-October. The Administration anticipates publicly issuing the 2012 Comprehensive Annual Financial Report (CAFR) and other related audit reports on or about October 31, 2013.

### **Financial Reporting and Compliance**

- The City maintains its compliance with the City's financial reporting obligations to the market through EMMA.

Mr. Kroboth noted the remaining items on his report, which was handed out to the Committee members, are provided and available for their review. Those items are referenced below.

### **Budget Management**

- Preparation for the 2013 Government Finance Officers Association (GFOA) Distinguished Budget Presentation Award submission continued after having to temporarily put the project on hold to focus on Budget Manager and Purchasing functions transition training. A second 30-day extension to apply for the Award was granted by GFOA until August 1<sup>st</sup>. Successive 30-day extensions can be requested and granted based on circumstances. We have made significant progress, and anticipate completing the project on or before August 1<sup>st</sup>.
- The City's 2013 Mid-Year Fiscal Report is in full development mode. The Report is due to City Council by August 14<sup>th</sup>.
- The two Budget Manager candidates originally scheduled for interviews today have since declined. A third candidate is being considered for interview in the next week or so.

### **Purchasing Management**

- Three award letters and contracts were completed resulting from bids. Yanxia Liu, our Acting Budget Manager (former Staff Accountant/Financial Analyst), continues to do a great job of maintaining daily Purchasing Office functions as the current Purchasing Manager remains on extended medical leave.

## **Grants Management**

- No grant applications were submitted this reporting period. The following grant applications were completed and submitted during 2013:
  1. Byrne Criminal Justice Program 2013: \$1,000,000 (March 2013)
  2. Information Technology – FEMA: 125,000 (March 2013)
  3. Community Based Violence Prevention: 1,500,000 (April 2013)
  4. PENNVEST – 4<sup>th</sup> St. Utilities/Sinkhole Project: 900,000 (May 2013) (Awarded)
  5. COPS Hiring Grant 2013: \$800,000 or \$600,000 depending on distress
  6. Section 902 – Recycling Grant: 250,000 (May 2013)

In summary, the City continues to make progress on the implementation of the Financial Recovery Plan, 2012 audit field support and re-stabilization of the Bureau of Financial Management operations.

Mr. Lynch commended the City Administration on the success of the artifacts auction. He also congratulated Mr. Kroboth and everyone from the City Administration on completing the prep work for the 2012 audit.

Mr. Lynch also asked Mr. Kroboth to report again on the Government Finance Officers Association (GFOA) Distinguished Budget Presentation Award that the City received for the City's 2012 Budget. Mr. Kroboth thanked Mr. Lynch for allowing him to reiterate on this accomplishment and said the City anticipates submitting the 2013 budget documents for consideration by the end of this month.

## **Committee Comments**

Mr. Lynch asked the committee members if they had any comments.

Council President Williams asked Mr. Reddig for the dollar amount on the revenue from the disposition of the fleet equipment.

- Mr. Reddig replied he didn't have the number with him but would get that amount to her after the meeting.

Council President Williams asked Mr. Reddig to repeat the names of the companies who submitted proposals for the Sanitation RFP.

- Mr. Reddig reiterated those names - Interstate Waste Services of Pennsylvania, Penn Waste, Red River Corporation, Republic Services and Waste Management.

Council President Williams asked Mr. Reddig if the Receiver's team has arranged a meeting with the IAFF.

- Mr. Reddig responded that meetings are already calendared for August.

Council President Williams asked Mr. Reddig if Harrisburg First parking has offered any HPA employees a position with the City of Harrisburg.

- Mr. Reddig responded he is only aware of one position where a HPA individual has applied for an Electrician position. However, HPA employees are being apprised of all available positions.

Council President Williams asked if this is being done through HR Resources.

- Mr. Reddig responded the process is being handled through the City's HR Department, Deb Felker, and HPA.

Council President Williams asked Mr. Kroboth if he has received any information on the grants that the City has applied for.

- Mr. Kroboth replied the City has still not received any response to date, with the exception of PENNVEST.

Mr. Lighty, Mr. Hill and Mr. Philbin had no comments.

### **Public Comments**

Mr. Lynch asked if there were any public comments.

Mr. Daniel Stern, resident of Harrisburg

- Mr. Stern said he has been a resident of Harrisburg for 28 years. Mr. Stern's question relates to the Quarterly Status Reports filed with Commonwealth Court, which he has been reviewing, with specific reference to the dialog with AGM and the bondholders regarding their position about debt forgiveness or waiver of any of their claims that they have for penalties, interest and casualties. Mr. Stern said he has not seen any information in the Status Reports regarding details of their position. He has seen detail regarding the operating budget and issues that were discussed here this morning. From the public's point of view, is there information available to us now which would reveal the position of AGM and the bondholders regarding their claims and if there is not information available to us now when will that information be transparent?
  - Mr. Lynch responded that the information now available is what has been reported in the Status Reports and is public. We are still in discussions with AGM as well as the other creditors. We intend to file a proposed modification to the Court confirmed Recovery Plan later this summer. As soon as that modification is filed, it will be public information.
- Mr. Stern said he understands Mr. Lynch's response but asked if he was correct that the content of the negotiations as to the present position of AGM and the bondholders would not be disclosed before the filing of that report.
  - Mr. Lynch replied he suspects that's the case and further stated that when you disclose things that are being negotiated, sometimes people harden their position and it makes things more difficult.

Mr. Lynch asked if there were any other comments. There were no other comments.

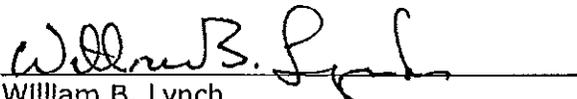

Before adjourning the meeting, Mr. Lynch took a few moments to relay some good news. He noted a breakthrough has occurred in our negotiations with the creditors. All the parties involved in the sale of the incinerator have come to agree and we believe a deal is imminent. Ongoing discussions are still occurring but we are very close to having a modification to the Court confirmed Plan which will need to be submitted to Commonwealth Court. When he says, "we are very close to having a Plan", understand there are hundreds of details yet to be worked out. The significant thing that he wants to relate to people today is that we have agreed to work together on those details. The difference is we've agreed to stop negotiating against each other and begun to work with each other toward a solution. That solution, everybody realizes, will probably be imperfect but everybody agrees that it will be better than the alternative, which we consider is bankruptcy.

Mr. Lynch noted we have made a significant change in the way we are doing business. Make no mistake that this is far from over, make no mistake that we will have to continue with literally hundreds of details and make no mistake that there are focuses beyond our control that may well make it impossible. We think this approach is far more superior to what we've seen other cities that have similar difficulties. Mr. Lynch thinks this speaks very well of Harrisburg and the environment. There are lots of people who deserve credit here; the leadership from the Mayor; the leadership from members of City Council; the Commonwealth has also been extraordinarily helpful; County leaders, County Commissioners and others who have also been helpful in providing advice and guidance and shown a willingness to work together; the FOP who have taken a leadership role, and we certainly appreciate that. You've heard Mr. Reddig report that AFSCME will vote today. The remaining bargaining unit is the Fire Fighters and meetings are now scheduled with them. We are optimistic that the IAFF will understand that they, too, need to be part of this solution.

Without going into any more details, Mr. Lynch said he'd be happy to answer any questions later. He wanted to leave us with a notion that there's been a significant change in the way we approach each other and in the goal, which is to work together towards a solution.

Mr. Lynch called this meeting adjourned at 9:04 a.m.

Approved this 24<sup>th</sup> day of July 2013.

  
William B. Lynch  
Receiver for the City of Harrisburg

  
Secretary - Anne Morrow

**MINUTES**  
**MUNICIPAL FINANCIAL RECOVERY ADVISORY COMMITTEE**  
**FOR THE CITY OF HARRISBURG**  
**August 14, 2013**  
**8:30 a.m.**  
**Council Chambers**

**Present:** William B. Lynch, Receiver

Wanda Williams, City Council President  
Fred W. Lighty, Esquire (Alternate), Dauphin County Board of Commissioners  
Doug Hill, County Commissioners Association of Pennsylvania (Governor's  
Appointee)

Anne Morrow (Recording Secretary)

**Absent:** Mayor Linda Thompson (Robert Philbin, Interim Chief of Staff, attended as  
Mayor's alternate)

**Reports**

Mr. Lynch called the Municipal Financial Recovery Advisory Committee meeting to order at 8:34 a.m.

Mr. Lynch asked the Committee members if there were any corrections or addendums to the minutes from the July 24, 2013 committee meeting.

Hearing none, Mr. Lynch said the minutes stand approved and would be posted to the Receiver's website.

Prior to reading the updates on the implementation of the confirmed Recovery Plan, Mr. Lynch noted he heard on the news last evening that Chief Ritter is retiring. Mr. Lynch thanked Chief Ritter for his long years of service to the City of Harrisburg and wished him well in his future endeavors.

Mr. Lynch read Mr. Reddig's report on the update on the implementation of the confirmed Recovery Plan in Mr. Reddig's absence.

**Operational Issues**

- The Office of the Receiver continues its work in implementing the various operational and creditor debt resolution related issues that are part of the confirmed Recovery Plan.
- The City continues to actively recruit for approximately 61 positions, 17 of those are Fire positions previously approved by the Receiver's Office. Applications closed on July 26<sup>th</sup>. Nineteen positions are police officer positions. The City is participating in the Dauphin County Police Chief's Associations joint testing consortium. Through this cooperative approach, the City will share the cost of recruitment rather than having to bear the cost alone. The application period for police candidates closed on August 7<sup>th</sup>. Other positions being recruited include a Budget Manager, Health Officer, 2 Codes

Officers, Fleet Manager, Demolition Specialist, Deputy Economic Development Director, and a Distribution Supervisor, Operator 1 and Operations Manager all in the Water Bureau. Interviews for some of these positions have occurred over the last several weeks. Since the last meeting, OTR has approved filling two laborer positions in DPW. The Recycling Manager position is under review.

- The OTR continues to work with the City and Harrisburg Parking Authority (HPA) to consider qualified personnel from HPA to fill certain City vacancies as they occur once the City has gone through their internal posting process.
- The OTR continues to devote significant effort in working with the City on various financial management issues. Maher Duessel is now fully engaged on the 2012 audit and is to have their work completed and the audit issued by mid October.
- With the vacancy of the Budget Manager along with the extended medical leave of the Purchasing Director, the Accounting Analyst has been reassigned and continues to perform some of the responsibilities for both positions. The OTR has agreed to provide additional support as needed to insure the budget process remains on track through the summer and fall months.
- As a follow up to the completion of the review of the City's Fleet Operation, the City has continued to move forward with the disposal of the equipment per the report's recommendations. To date revenue from the disposition exceeds initial estimates.
- Five proposals in response to the RFP for Sanitation Services were received and are currently under review. Proposals were received from: 1) Interstate Waste Services of PA; 2) Penn Waste; 3) Red River Corporation; 4) Republic Services, and; 5) Waste Management.
- Each Bidder offered proposals on three contract options. Single family refuse and recycling only; Multi-family and commercial or Single family, multi-family and commercial.
  - At a minimum, under each option, the City would continue to collect refuse and recycling in City parks and on City streets and would manage illegal dumping.
  - The City could select any of the three options or none of the options based on what is in the City's best interest.
    - A Selection Committee consisting of the DPW Director, Chief of Staff and Business Administrator is in place and has begun reviewing the proposals. Due to the extensive detail of the proposals, the review period will take some time reviewing the financial analysis, operations analysis, etc.
  - The committee is evaluating proposals against eight weighted criteria: 1) Quality of Bid Submission; 2) Understanding of the Project; 3) Financial and Operational Stability; 4) Implementation; 5) Employee Integration; 6) Collection Approach; 7) Collection Experience, and; 8) Cost.

Each criteria is important but one of the things that we have asked from each bidder is a plan to integrate existing sanitation employees into the contractor's operation. It is important to the City that employees be given a fair chance to maintain employment. Planned implementation is for early 2014.

- The Insurance RFP was issued and proposals are due on August 13<sup>th</sup>. The RFP consolidates the insurance coverage's for the City and includes property, liability, vehicle, public officials, errors and omissions, and workers compensation. The RFP process is being coordinated with the City's insurance renewal schedules for 2013-14. The initial term is one year with the ability to renew for up to two additional years.
- We are continuing to work with the City on the initial stages of an update to their Comprehensive Plan. The confirmed Plan contains three interrelated recommendations - 1.) An update of the City's Comprehensive Plan, 2.) Development of a Housing Strategy and 3.) Development of an Economic Development Strategy. Following an earlier meeting with the Mayor, City officials, the City's consultant and OTR representatives, the Consultant is revising the scope of work to ensure that the three initiatives are well coordinated and will also provide estimated cost figures for those initiatives. The process when initiated will provide significant opportunity for public input.
- The OTR has been working with the City to process funding requests with DGS and DCED for the \$5M that is included in the state's FY13/14 budget for public safety services. We worked with DGS and PennDOT to remove a block on the \$496K payment due to the City's delinquency on their PA Infrastructure Bank loan. Payment is to occur this week. DCED is also moving through the contracting process for the \$4,504,000 payment which will support both police and fire protection services provided to the Capitol complex and other state facilities in the City. We anticipate that the City should receive these funds within the next 6-8 weeks.
- Negotiations also continue with the collective bargaining units to effect new bargaining contracts that are consistent with the cost containment provisions of the confirmed Plan. The FOP membership previously approved their contract amendment and since the last meeting, the AFSCME bargaining unit has now approved a contract amendment for their contract. Negotiating sessions are occurring with the IAFF this week.

### **Cash Flow**

- The Receiver's Office continues to monitor City's expenditures including the review of payables on a bi-weekly basis. Since the last meeting, we have reviewed 2 check-runs, on August 1<sup>st</sup> and 15<sup>th</sup>, and provided a response to the City. The August 1<sup>st</sup> check-run totaled \$609,426 with the largest payments to the City Treasurer for various insurances totaling \$495,512.93 or 81%. These included June payments to Highmark Blue Cross for \$258,109.38, Express Scripts \$194,652.22 and Dental \$42,751.33. The next largest payment is to Maher Duessel for \$36,683.91 or 6% for audit services.
- The August 15<sup>th</sup> check-run totaled \$562,474.60 and again the largest expense was to the City Treasurer for a payment to Highmark for \$287,668.81 or 51.2%. The next largest payments were to Mansfield Oil for fuel for \$48,157.50 or 8.6% and PAPCO for fuel \$47,508.80 or 8.5%.

- The City has brought virtually all of its overdue payables up to a current status. Payables currently on hold total \$2,979,692, which is approximately \$100,000 less than at the last check-run. Those over 60 days total \$2,594,926, with 98% represented by six vendors including SunTrust, Metro Bank, Pennsylvania Infrastructure Bank, Capital Area Transit, PPL and the City Treasurer for Insurances and are primarily for debt obligations.
- The City had a cash balance of \$3,459,621.32 as of August 7<sup>th</sup>. Following the August 15<sup>th</sup> check-run and payroll, the City's cash balance will be \$1,792,442.42. Although this amount coupled with revenues to be received over the next several weeks will be adequate to meet the next check-run, the City's cash balance continues to erode and very close attention needs to be paid to forthcoming payables. The City has one additional payroll in August along with normal expenditures. The City should be in receipt of the \$496,000 payment from the Commonwealth that is included in the DGS budget for fire protection this week. Contracting for an additional \$4,504,000 state payment for public safety services is currently underway.
- The City's cash flow position should continue to remain positive in the short term, especially with the receipt of the Commonwealth's appropriation and the receipt of EIT revenue, however, we anticipate moving into the early fall months, the City's fiscal position will move into a negative status if a consensual resolution does not occur.

### **Asset Monetization**

- Negotiations continue with the Lancaster County Solid Waste Management Authority (LCSWMA) on the sale of the Resource Recovery Facility. An Asset Purchase Agreement based on the term sheet has been prepared for the Resource Recovery Facility sale and remains under review. The agreement with the Department of General Services (DGS) on a multiyear Power Purchase Agreement that adds material value to the Incinerator sale is moving through the contract process. The OTR continues to work with the Office of Budget and LCSWMA to integrate the \$8M RACP grant into the deal.
- The Receiver's Office also continues negotiations with Harrisburg First, the selected party for the parking monetization. A term sheet has been prepared, reviewed and revised by the Office of the Receiver's advisors and Harrisburg First and is now being reviewed by the creditors and the credit enhancers (also AGM and Dauphin County). The Term Sheet is expected to be modified through discussions with bond counsel, the creditors and credit enhancers.
- The Commonwealth parking consolidation proposal continues to progress and will also have a bearing on final terms of the parking transaction. Labor negotiations with Harrisburg Parking Authority personnel also continue. The revision of the existing contract is a critical element to the monetization. We've involved and are coordinating that effort with Standard Parking, who would be the Operator under the Harrisburg First arrangement.
- Work also continues with the Pennsylvania Economic Development Financing Authority (PEDFA), the financing vehicle for the parking monetization. Attorneys for PEDFA and Harrisburg First continue to work through various tax-related issues involved with this

financing. We've also continued discussions with Capital Region Economic Development Corporation (CREDC) on their role in the transaction.

- With the recent approval of a \$26M loan from PENNVEST for upgrades to the wastewater treatment plant to address compliance issues related to the Chesapeake Bay and Clean Water Act requirements, work continues to fulfill the obligations that are part of the loan commitment. This includes the transfer of the water and sewer operations to THA and the completion of the audits. The transfer would consolidate the administrative, operational and financial responsibilities for the water and sewer operation into an Operating Authority. In addition, to PENNVEST's requirement, this approach will address compliance with the Clean Water Act and the Chesapeake Bay requirements and is an acceptable model for the Department of Justice, EPA and DEP and is also favored by the suburban communities. The PENNVEST loan is approximately half the amount needed for the upgrade with the balance to be obtained through conventional financing.
- We've continued our dialog with Assured Guaranty Corporation (AGM), Dauphin County, Covanta and AMBAC to keep all major creditors apprised of the asset monetization processes as we continue to move forward and work very hard towards a consensual resolution to the City's fiscal condition.

Mr. Lynch asked Mr. Kroboth, Financial Director for the City of Harrisburg, to provide an update on the Act 47 Implementation.

- Mr. Kroboth noted since the last meeting, the Administration continued to coordinate internally and with the implementation teams.
- Mr. Kroboth noted the new initiative REV15, Collection of \$1 million in Ordinance and Parking Violation Fines, initiated by the Mayor, calls for the organization of a task force made up of special unit police, constables and codes officers to identify, locate and issue arrest warrants for individuals with the highest amount of parking and ordinance violations in the City of Harrisburg. A collection plan and task force has been organized, and a Memorandum of Understanding is currently being drafted by the City Law Bureau. Arrests and public announcements will be scheduled in the near future. This initiative will address the collection of approximately \$1 million in outstanding parking and ordinance violation fines.
- A scope of work has been received from the planning consultants and circulated to the Business Advisory Council Steering Committee for review and comment. The scope of work calls for a comprehensive plan with neighborhood planning sessions in locations around the City. The plan will take approximately 13 months to complete and is pending funding from DCED. The Administration is gathering comments from the Steering Committee at this time.
- A neighborhood-based post-recovery economic development plan has also been structured under the Mayor's leadership to include three new KOZ zones, a Tax Abatement program, as well as neighborhood safety patrols, targeted trash clean-up, neighborhood organization, targeted codes enforcement and economic development town hall meetings.

- Sanitation bids have been reviewed by the Administration's RFP Selection Review Committee. The Committee awaits a cost analysis of internal operational sanitation costs from outside consultants before recommending finalists to the Mayor and Receiver for their consideration.
- On a related matter, the Department of Public Works has organized a neighborhood clean-up program in cooperation with Dauphin County to utilize correctional workers to clean targeted sections in the City. Grant funding has been secured to purchase necessary tools and equipment for this project.
- The City released increased recycling results two weeks ago as part of Mayor Thompson's emphasis on recycling around the City. Over the past year, the City implemented a public education initiative, which includes free recycling bins, quarterly recycling messages on Channel 20 and a public awareness program. To date, we have increased collection tonnage from 1,300 tons last year, to a projected 1,600 tons this year, an increase in recycled tonnage of about 23%. The Department of Public Works implemented the new collection policy last December. Each recycled ton saves the City approximately \$200. The City is targeting a 50% increase in recycling tonnage by the end of 2014, with the ultimate goal of recycling at least 20% of the City's total trash collected at that time.
- The Economic Development Committee has met and established by-laws and the new Guidelines include all information required to evaluate local small, women, and minority business loan candidates, including loan value ratios, financial statement ratios, debt coverage ratios, credit scoring, real property analyses and all applicable loan application, documentation, and amortization forms.
- The long term plan development documentation update includes land assemblage areas for economic development, KOZ areas, KOZ benefits, a city Tax Abatement plan as well as update suggested Business Improvement Districts (BIDS), suggested Main Street areas, an Incubator analysis, Enterprise Zone areas, Enterprise Zone benefits, Brownfield programs, LEEDS initiatives, job training program, new business recruitment program, City of Harrisburg branding program and illegal dumping program.
- The plan will also incorporate the established "safe neighborhood" city service operations program, as well as a plan to access venture capital funds, the recommencement of HUD Section 108 loan program, and partnerships with real estate development companies.
- The scope of work submitted by the outside consultant is currently under review by the Business Advisory Council Steering Committee.
- The Office of the Receiver authorized the Bureau of Information Technology to purchase 39 PC's from capital outlay appropriations in the 2013 Budget to enhance information processing capabilities and replace aging equipment, per the replacement priority schedule established pursuant to this initiative. This augments the City purchase of 47 PC's in 2012 pursuant to this Recovery Plan initiative.
- Fire and Life Safety Inspection programs are established by the City with the goal of protecting lives and property from uncontrolled fires and other hazards. To accomplish

this goal, the Fire Bureau will conduct Engine Company inspections of buildings throughout the City to enforce City ordinances.

- Presently, the Fire Bureau has only one Fire Inspector. Each year, many buildings are not visited and remain undetected as a potential fire/life hazard. Movement to train and certify up to 16 additional Firefighters to Fire Inspector 1 level will allow Engine Company's to perform "routine" inspections within each of their assigned districts. Inspectors will be able to identify and document infractions and non-compliance with codes, which will start enforcement procedures and provide a safeguard for public safety.
- A proposal was recently received from Harrisburg Area Community College to provide NFPA 1031 Fire Inspector 1 Course (40-hours of training). Tentative start date is scheduled for November 4<sup>th</sup>, which will consist of one 8-hour session each week, for five consecutive weeks.
- Minimum enrollment is not less than 10 students, with maximum not to exceed 16 students. Cost per student is \$375, which includes course materials and certifications fees. Candidates will be afforded a total of two re-test opportunities on course work submissions and one written re-test. Written certification testing will take place in accordance with policies and procedures established by the Office of the State Fire Academy, Voluntary Firefighter Certification Program.
- The City extended the bid submission deadline for the Insurance Brokerage Services RFP from August 13<sup>th</sup> to August 27<sup>th</sup> to allow additional time for all prospective bidders to present more accurate and complete proposals.
- The 2012 Audit is underway and on schedule. The consulting accounting firm will provide the Administration draft financial statements by mid-October. The Administration anticipates publicly issuing the 2012 Comprehensive Annual Financial Report (CAFR) and other related audit reports on or about October 31<sup>st</sup>.

### **Financial Reporting and Compliance**

- The City of Harrisburg is in compliance with the all financial reporting obligations. No material events have occurred since the last Advisory Committee meeting necessitating the publication of a "Material Event Notice" on EMMA. However, THA and the City will be issuing joint MEN's for non-payment of debt service for two series of THA Resource Recovery Revenue Bonds due September 1st.

### **Budget Management**

- The City's 2013 Mid-Year Fiscal Report preparation is proceeding as planned. It is in its final stages and is due to City Council today, August 14<sup>th</sup>.

### **Grants Management**

- One grant application was submitted and approved this reporting period:
  - Walmart – Public Works and Safety Zone grant of \$1,000 awarded to purchase clean up tools and materials.

- The Administration also submitted one loan application during this reporting period to Dauphin County Infrastructure bank loan for \$350,000 was applied for in August.

In summary, the City continues to make progress on the implementation of the Financial Recovery Plan, the coordination of City operational services and the re-stabilization of financial management operations.

### **Committee Comments**

Mr. Lynch asked the committee members if they had any comments.

Council President Williams inquired when the sanitation neighborhood clean-up project would begin.

- Mr. Kroboth asked Mr. Hagerich, Director of Public Works, for comment. Mr. Hagerich noted the neighborhood clean-up project has already begun in the public safety zones and work will then begin with the local community groups.

Council President Williams asked Mr. Hagerich if he has a list of targeted areas.

- Mr. Hagerich responded the residential groups submit the lists for clean-up in certain areas. We then meet with them at the designated area. After the neighborhood clean-up work is completed, the refuse is picked up and disposed of properly.

Council President Williams inquired how many members are on the Revolving Loan Fund Committee.

- Mr. Kroboth asked Mr. Robinson, Director of Building and Housing Development, to respond. Mr. Robinson replied there are three members on the committee.

Council President Williams inquired who those members are that are on the Revolving Loan Fund Committee.

- Mr. Robinson noted those members are Brittany Brock, David Riley and Joshua Robertson.

Council President Williams noted she wanted to confirm that those individuals were on the list that Council had reviewed.

Council President Williams inquired if a grant has been issued or retained for the Fire Bureau to cover the \$375 per student cost for Fire Inspector certification training.

- Deputy Fire Chief Neff replied no grant was issued or retained.

Council President Williams inquired if the funds would be coming from the Fire Bureau's Fund.

- Deputy Fire Chief Neff replied the funds would come from this year's approved budgeted allocations.

Council President Williams inquired if the training will be for 10 students.

- Deputy Fire Chief Neff replied the training would be for up to 16 students.

Mr. Lighty had no comments.

Mr. Hill inquired concerning the neighborhood meetings, which relate to the economic development strategic plan, is a general outreach in addition to outreach in specific neighborhood groups.

- Mr. Kroboth asked Mr. Robinson to give comment. Mr. Robinson noted that as part of its scope of services and attending correspondence to the City, the contracted consulting firm of Mullin and Lonergan has indicated that it could assist the City with developing a long-term economic development strategy plan, which will involve community/neighborhood outreach meetings.

Mr. Hill inquired relative to the bids for waste collection and recycling and after hearing Mr. Kroboth's report on the recycling education initiative, if the City, either by the bid spec or independent, is looking at the types of items that are currently being collected for either residential or commercial.

- Mr. Kroboth replied the RFP includes the various recyclables to be collected.

Mr. Hill noted he is inquiring on the extent of the list of items that are collected.

- Mr. Hagerich replied the ordinance was just updated last month.

Mr. Philbin had no comments.

### **Public Comments**

Mr. Lynch asked if there were any public comments.

Mr. Nevin Mindlin, resident of Harrisburg

- Mr. Mindlin commented again on the Comprehensive Plan. He noted anybody who knows government and knows operations understands that a financial plan, a "budget", is a policy document. Finances are reflection of reality not a reality in and of themselves. If you are putting a financial plan into place then it has to be following some plan to get us to where we need to be to solve the financial problem of this community. If we don't figure out how we're going to be or where we're going to be in several years than all we're solving, in all of this, is how we pay the creditors not how we get the City of Harrisburg out of its financial problems.
- Mr. Mindlin wants more information on the Comprehensive Plan. Is the Financial Plan and the Comprehensive Plan building into our future a 1950's car culture that has absolutely nothing to do with the future reality of American cities. We have over \$2 billion worth of infrastructure problems around here. How are we going to solve those? Are we going to solve them in the long-term by taxes, are we going to increase the fees or are we going to use the assets we have because all the money that should have

gone into those underground assets has been stolen from us in this process. Are we going to use the assets to help solve the underground problem?

- We have a conversation going on about a Comprehensive Plan but Mr. Mindlin noted he doesn't know anything about that plan. This plan is being done for us or to us because it is not being done with us. Mr. Mindlin wants to know what this plan is. He said this community needs to know what this plan is. Where are we going? Where are you taking us? There's no information. Nothing is coming out. He feels this is more and more looking like Marshall Law with a puppet government. And the only people that are involved in it are a small cadre of business people and career politicians who in many respects have gotten us exactly to the same place we are today. He wants to get this stuff out on the table.
  - What's the comprehensive plan?
  - What are you planning for our community?
  - When are we going to have an opportunity to have a conversation about the future of Harrisburg is all about.
- Mr. Mindlin ended by saying let's get some public here, some fresh air, some light here, some antiseptic.

Mr. Lynch thanked Mr. Mindlin for his comments.

Mr. Lynch asked if there were any other public comments. Hearing none, Mr. Lynch called this meeting adjourned at 9:05 a.m.

Approved this 14<sup>th</sup> day of August 2013.

William B. Lynch  
Receiver for the City of Harrisburg

Secretary - Anne Morrow

**MINUTES**  
**MUNICIPAL FINANCIAL RECOVERY ADVISORY COMMITTEE**  
**FOR THE CITY OF HARRISBURG**  
**August 28, 2013**  
**8:30 a.m.**  
**Council Chambers**

**Present:** William B. Lynch, Receiver

Fred W. Lighty, Esquire (Alternate), Dauphin County Board of Commissioners  
Doug Hill, County Commissioners Association of Pennsylvania (Governor's  
Appointee)

**Absent:** Mayor Linda Thompson (Robert Philbin, Interim Chief of Staff, attended as  
Mayor's alternate)  
Wanda Williams, City Council President

Anne Morrow (Recording Secretary)

**Reports**

Mr. Lynch called the Municipal Financial Recovery Advisory Committee meeting to order at 8:32 a.m.

Mr. Lynch asked the Committee members if there were any corrections or addendums to the minutes from the August 14, 2013 committee meeting.

Hearing none, Mr. Lynch said the minutes stand approved and would be posted to the Receiver's website.

Mr. Lynch asked Mr. Reddig to provide an update on the implementation of the confirmed Recovery Plan.

**Operational Issues**

- Mr. Reddig noted the Receiver's team has spent considerable time over the last few weeks finalizing the various elements of the Harrisburg Strong Plan, was filed with Commonwealth Court on Monday, August 25<sup>th</sup>. The Plan, which has been widely reported on, sets a new course for the City. One that eliminates the incinerator debt, provides balanced budgets through 2016, provides needed resources for capital needs and economic development, as well as helps to address the City's' Other Post Employment Benefit (OPEB) liabilities. Commonwealth Court has scheduled a hearing on the Plan for September 19<sup>th</sup>. We look forward to the Court's prompt action on the Plan in order for the City to continue to advance.
- In addition to work involved with the City's Harrisburg Strong Plan, the Office of the Receiver continues to work in implementing the various operational related issues that are part of the current confirmed Plan.

- The City continues to actively recruit for approximately 62 positions, 17 of those are Fire positions previously approved by the Receiver's Office. Applications closed on July 26<sup>th</sup> with 133 applications received. A written exam was held last week, on August 24<sup>th</sup>, to develop a new eligibility list. Twenty-two positions are police officer positions. The City is participating with the Dauphin County Police Chiefs Association's joint testing consortium on the recruitment for these positions. Through this cooperative approach, the City will share the cost of recruitment rather than having to bear the cost alone. The application period closed for the police candidates on August 7<sup>th</sup>. The Police Association Consortium received 338 applications. A physical fitness test occurred last week with a written test scheduled for August 31<sup>st</sup>. The next Police Academy class will begin on January 13, 2014.
- Other positions being recruited currently include a Budget Manager, Codes Officers, Fleet Manager, Demolition Specialist, Deputy Economic Development Director and three positions in the Water Bureau - a Distribution Supervisor, Operator 1 and Operations Manager. Interviews for some of these positions have occurred over the last several weeks. An offer of employment was extended for the Health Officer position on August 19<sup>th</sup>. Since the last meeting, the OTR has approved filling of the Solid Waste/Recycling Manager position. In addition, recently a request was received to fill the Help Desk PC Specialist in the Information Technology Bureau. This vacancy occurred due to a promotion.
- The OTR continues its work with the City and Harrisburg Parking Authority (HPA) to consider qualified personnel from HPA to fill certain City vacancies as they occur.
- The OTR continues to devote significant effort in working with the City on various financial management issues. Maher Duessel has continued their work on the 2012 audit. It's anticipated that their work will be completed by mid-October and the audit release by the end of October.
- With the vacancy in the Budget Manager position along with the extended medical leave of the Purchasing Director, the Accounting Analyst is filling in on those roles. The OTR has agreed to provide additional support as necessary as the City begins its 2014 budget preparation process.
- Five proposals received for Sanitation Services have been reviewed by the Selection Committee. The Committee is comprised of the Department of Public Works Director, Chief of Staff and Business Administrator. The Committee is currently completing their financial analysis and will be preparing their recommendation. The proposals received were from 1.) Interstate Waste Services of PA; 2.) Penn Waste; 3.) Red River Corporation; 4.) Republic Services, and; 5.) Waste Management. It is anticipated that the new contract would go into effect the early part of 2014. The date of submission was extended to August 27<sup>th</sup> to allow additional time for all potential bidders to prepare more accurate and complete information.
- The date for submission of proposals for the Insurance RFP was extended to August 27<sup>th</sup> to allow additional time for all potential bidders to prepare more accurate and complete responses. The RFP consolidates the insurance coverage's for the City and includes property, liability, vehicle, public officials, errors and omissions, workers compensation. The RFP process is being coordinated with the City's

Insurance renewal schedules for 2013-14. The initial term is 1 year with the ability to renew for up to 2 additional years.

- We are continuing to work with the City on the initial stages of an update to their Comprehensive Plan. The confirmed Plan contains three interrelated recommendations – 1.) An update of the City's Comprehensive Plan, 2.) Development of a Housing Strategy and 3.) Development of an Economic Development Strategy. A revised draft of the scope of work has just been prepared and is currently under review by the City as well as OTR. It's the City's intent to ensure that the three initiatives are well coordinated and that there is significant opportunity for public input.
- The OTR has been working with the City to process funding requests with DGS and DCED for the \$5M that was included in the state's FY13/14 budget for public safety services. Since the last meeting payment was received for the \$496K DGS allocation.
- DCED has also obtained the necessary approvals for processing the \$4.5M grant to support public safety services provided to the Capitol complex, both employees and facilities that are located within the City. The contract has been issued and is currently going through an execution process. We anticipate that funds under this contract be dispersed to the City in the later part of September.
- Negotiations also continue with the collective bargaining units to effect new bargaining contracts that are consistent with the cost containment provisions of the confirmed Plan. As previously reported, the FOP and AFSCME memberships have approved new contract amendments and negotiations continue with IAFF with negotiating sessions occurring this week.

### **Cash Flow**

- The Receiver's Office continues to monitor City's expenditures including the review of payables on a bi-weekly basis. Since the last meeting, we have reviewed the August 29<sup>th</sup> check-run and provided a response to the City. This check-run initially totaled \$809,436. The largest payment on this check-run was to HPA for the Parking Tax Reimbursement payment. This amounted to \$403,000 or almost 50% of the total of the check-run. The City had received \$713,718 earlier in the month and this is the exchange going back to HPA. Given the City's cash flow projections for the next 4 – 6 weeks, however, the OTR advised the City to hold on this payment. We had discussions with HPA and they were amenable to a payment no later than October 10<sup>th</sup> or earlier if funds were available. Aside from this payment, the next largest payment was to the City Treasurer for various insurances totaling \$310,000. This includes July's payments to Highmark Blue Cross for \$264,000 and Dental Insurance for \$47,000. All other payments were relatively modest in nature.
- The City has brought virtually all of their overdue payables into a current status, although the City is now beginning to hold on to some of the payables given its cash flow situation. Payables currently total \$3.6M, which is approximately \$700,000 more than at the last check-run. Those over 60 days total \$2.6M with 98% represented by six primary vendors including SunTrust, Metro Bank, Pennsylvania Infrastructure Bank, which are all debt service payments that will be dealt with as part of the Harrisburg

Strong Plan, Capital Area Transit, PPL and to the City Treasurer for various Insurances.

- As of August 21<sup>st</sup>, the City had a cash balance of \$4.8M. The City's cash flow improved during the month of August with the receipt of the State's allocation of \$496,000 from DGS and almost \$1.2M for EIT collections along with the quarterly parking tax payment that was previously referenced. In addition to the check-run and the estimated \$1.1M payroll forthcoming this week, there are several large payables that have recently surfaced that will have a material impact on cash flow. These include severance payments for seven individuals that total \$256,000 and a payment to Hershey Medical Center for costs related to the injuries suffered by a police officer in an accident earlier this year for \$930,000; however, a portion of this will be reimbursed by the insurance company. These obligations, due within the next 4 weeks, will create an added strain on cash flow until the additional State allocation for public safety and the State Aid for pensions are received. Both of these payments should happen by late September or early October. Following the August 29<sup>th</sup> check-run and payroll, the City's cash balance will be \$3.3M.
- The City is currently in compliance with all financial reporting obligations, although no material events have occurred in the last month. The City and THA will be issuing a joint MEN on EMMA for non-payment of the RRF bonds that are due September 1<sup>st</sup>.

### **Asset Monetizations**

- With the filing of the Harrisburg Strong Plan, the sale of the Resource Recovery Facility is in position to move forward pending the Courts action on the Plan. The term sheet for the sale to LCSWMA has been prepared and is in place. The agreement includes provisions for the Department of General Services to execute a multi-year Power Purchase Agreement that is a significant element to the sale. Likewise, the OTR has continued to work with the Office of Budget and LCSWMA to integrate the \$8M Capital Redevelopment Assistance Program grant into the deal, which is another significant element to the deal.
- The monetization of the City's parking facilities is also in position to move forward with Harrisburg First pending Court action on the Plan. A term sheet for this transaction has also been prepared and it includes an agreement with DGS to address Commonwealth parking requirements.
- The Commonwealth parking consolidation proposal continues to progress and will also have a bearing on final terms of the parking transaction. Labor negotiations with Harrisburg Parking Authority personnel also continue. The revision of the existing contract is a critical element to the monetization. We've involved and are coordinating that effort with Standard Parking, who would be the Operator under the Harrisburg First arrangement. We're hopeful that a successful conclusion to those negotiations will happen in the immediate future.
- Considerable work has occurred to lay the foundation for financing the parking monetization with Pennsylvania Economic Development Financing Authority (PEDFA). Attorneys for both PEDFA and Harrisburg First continue to work through various tax-related issues involved with this financing.

- There is much work that lies ahead, however, today is a day to pause and express appreciation to all those who have been involved in bringing the City to this point. The ability to achieve an agreement with the City's creditors - AGM, Dauphin County, Covanta, CIT, AMBAC and others along with an agreement with 2 of the 3 bargaining units represents a major step in addressing the City's liabilities. The Mayor, her Administration and City Council are all to be recognized for their efforts in laying the foundation for a bright and promising tomorrow for Harrisburg.

Mr. Lynch asked Mr. Kroboth, Finance Director for the City of Harrisburg, to provide an update on the Act 47 Implementation.

- Mr. Kroboth noted during this period the Administration continued to coordinate Internally and with Implementation teams to accomplish the following:
- The City continues efforts on the new initiative, REV 15, for the collection of \$1M in ordinance and parking violation fines. A task force comprised of special unit police, constables and codes officers will identify, locate and issue arrest warrants for individuals with the highest parking and ordinance violations in the City. A collection plan has been developed and the City Law Bureau has drafted a Memorandum of Understanding. Arrests and public announcements will be scheduled after Labor Day.
- The final draft of the scope of work for the City's Comprehensive Plan has been received from the planning consultants and circulated to the Business Advisory Council Steering Committee for final review and comment. A meeting of the Steering Committee is being organized for early September.
- A Neighborhood-based Post-recovery Economic Development Plan has also been structured by CREDC to include three new KOZ zones and 6-targeted neighborhoods. This plan will be distributed for review and approval to the Steering Committee.
- The public bid opening for the Insurance Brokerage Services RFP was held yesterday. Four proposals were submitted: 1.) Marsh USA, 2.) American Insurance Administrators, Inc., 3.) First Fidelity Brokerage, Inc., and 4.) Benefits Research Group. An internal RFP Selection Review Committee has been established with direct oversight from the Receiver Team. The proposals will be evaluated and individually graded by each Committee member, with grading results to be compiled by the Receiver Team representative over the next two weeks.
- Sanitation proposals were reviewed and evaluated by the Administration's RFP Selection Review Committee, and a preliminary cost analysis of a fully funded City-owned sanitation operation was reviewed and commented on by the Committee three weeks ago. The Committee awaits a revised final cost analysis from the Novak Consulting Group before recommending finalists to the Mayor and Receiver for their consideration.
- To-date, the City has increased recycling collection tonnage from 1,300 tons last year to a projected 1,600 tons this year, which is an increase of approximately 23%. Each recycled ton saves the City approximately \$200. The City is targeting a 50% increase in recycling tonnage by the end of 2014, with the ultimate goal of recycling at least 20% of the City's total trash collected.

- The Bureau of Information Technology began the process of preparing and installing PC's from the capital outlay appropriations in the 2013 Budget to enhance information processing capabilities and replace aging equipment.
- Tentative agreements have been reached with Police (FOP) and Non-Uniformed (AFSCME) bargaining units. Negotiations with the Firefighters (IAFF) continue.
- The 2012 Audit is underway and on schedule. Maher Duessel will provide the Administration draft financial statements by mid-October. The Administration anticipates publicly issuing the 2012 Comprehensive Annual Financial Report (CAFR) and other related audit reports on or about October 31, 2013.

### **Financial Reporting and Compliance**

- The City of Harrisburg is in compliance with the all financial reporting obligations. No material events have occurred since the last Advisory Committee meeting necessitating the publication of a Material Event Notice (MEN) on EMMA. However, THA and the City will be filing joint MEN's to be published on EMMA due to an inability to pay September 1<sup>st</sup> debt service on Guaranteed THA Resource Recovery Facility Revenue Bonds and Notes, Series A,B & C of 2003 and Series A of 1998.

### **Budget Management**

- The City's 2013 Mid-Year Fiscal Report was successfully completed and transmitted to all elected officials and other stakeholders on August 14<sup>th</sup>.
- The City re-advertised for the position of Budget Manager. An interview was held on August 19<sup>th</sup>. The Mayor has scheduled two additional interviews for September 12<sup>th</sup>.
- The 2014 Budget development process has begun internally.

### **Grants Management**

- Four grant applications were submitted this reporting period:
  - Three grant applications were submitted to Walmart for Public Works and Safety Zone grants in the amount of \$2,500 each and one to Sam's Club for Public Works and Safety Zone grant in the amount of \$1,500. All four grants are to purchase clean-up tools and materials.
- The Office of the Receiver submitted the "Harrisburg Strong Plan" to the Pennsylvania Commonwealth Court on August 26, 2013, a major milestone of the three and one-half year financial recovery process under the sanctions of the PA Act 47 process.

In summary, the City continues to make progress on the implementation of the Financial Recovery Plan, coordination of City operational services and re-stabilization of the Financial Management operations.

### **Committee Comments**

Mr. Lynch asked the committee members if they had any comments.

Mr. Lighty thanked Mr. Lynch for his leadership and all the hard work Mr. Lynch and his staff have devoted with getting the Harrisburg Strong Plan filed. Mr. Lighty noted for those who have not lived this as he and others have every day, they will never fully appreciate just how much work and how difficult this really has been. Nevertheless, on behalf of the County Commissioners, he thanked Mr. Lynch and his Team for his leadership and hard work.

Mr. Lynch noted he appreciated Mr. Lighty's kind comments and noted much of the hard work is credited to a lot of very talented team of people. This could not have been done without the good work of the Mayor and her Administration, City Council and the County Commissioners, as well as a whole host of others.

Mr. Hill noted he would have to say the same, both as a Committee member and as a City resident. He truly appreciates the level of work, the level of Imagination and goodwill that all parties brought to the table through this process. Mr. Hill noted that everyone has said this is just one step in the process and as we heard today from Mr. Reddig's report that although there are a few bumps from time to time, using Mr. Reddig's cash flow report as an example, it is probably the most significant step that we have taken recently. It certainly gives us a good sense that we have a good, strong future ahead of us in the City in dealing with both the immediate issues and the long-term issues that are both structural and organizational.

Mr. Hill recognizes Mr. Lynch's comments about his outstanding Receiver team but said Mr. Lynch's leadership is even more remarkable and he appreciates his leadership.

Mr. Lynch thanked Mr. Hill and suggested that this is an opportunity for the City of Harrisburg to assume a leadership role, literally nationwide. He noted nobody else has accomplished what Harrisburg has, as Mr. Hill pointed out; it required goodwill and, the many diverse constituencies to come together and reach consensus in this whole endeavor.

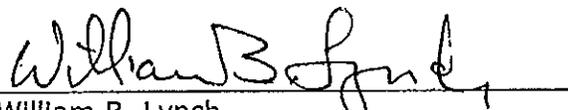

Mr. Philbin noted on behalf of the Mayor, the Administration and the Directors of various departments, we can't express enough our appreciation for your leadership and the expertise that you brought to this very stressed situation. We are all very hopeful that we are moving beyond that situation to a much better future.

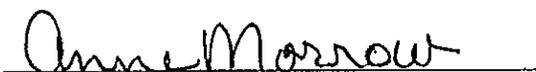

Mr. Lynch thanked Mr. Philbin as well. Mr. Lynch said when you talk about expertise his expertise in these areas is very limited and he appreciates everybody's patience with instructing him so he could understand some of these things. As Mr. Lynch said from the beginning, he hopes that the Harrisburg Strong Plan is taken advantage of and maximizes its potential.

#### **Public Comments**

Mr. Lynch asked if there were any public comments. Hearing none, Mr. Lynch called this meeting adjourned at 8:59 a.m.

Approved this 28<sup>th</sup> day of August 2013.

  
\_\_\_\_\_  
William B. Lynch  
Receiver for the City of Harrisburg

  
\_\_\_\_\_  
Secretary - Anne Morrow

**MINUTES**  
**MUNICIPAL FINANCIAL RECOVERY ADVISORY COMMITTEE**  
**FOR THE CITY OF HARRISBURG**  
**September 11, 2013**  
**8:30 a.m.**  
**Council Chambers**

**Present:** William B. Lynch, Receiver

Fred W. Lighty, Esquire (Alternate), Dauphin County Board of Commissioners  
Anne Morrow (Recording Secretary)

**Absent:** Mayor Linda Thompson (Robert Philbin, Interim Chief of Staff, attended as Mayor's alternate)  
Wanda Williams, City Council President  
Doug Hill, County Commissioners Association of Pennsylvania (Governor's Appointee)

**Reports**

Mr. Lynch called the Municipal Financial Recovery Advisory Committee meeting to order at 8:35 a.m.

Prior to beginning the meeting, Mr. Lynch asked everyone to take a moment or two today to reflect on September 11, 2001. Today is a good day to say something nice or to thank a first responder; police officers, firefighters, EMT's or anybody of that ilk. These first responders certainly performed yoeman's service that day. In the military world, Army people talk about riding to the sound of the guns. This is the definition of courage and this is what we saw a dozen years ago at the World Trade Center.

Mr. Lynch asked the Committee members if there were any corrections or addendums to the minutes from the August 28, 2013 Committee meeting.

Hearing none, Mr. Lynch said the minutes stand approved and would be posted to the Receiver's website.

Mr. Lynch asked Mr. Reddig to provide an update on the implementation of the confirmed Recovery Plan.

**Operational Issues**

- Mr. Reddig noted over the last two weeks the Receiver's team has been working with the City Administration, City Council and their staff to review various elements to the Harrisburg Strong Plan, which was filed with the Commonwealth Court on August 26<sup>th</sup>. Council will be taking action on certain elements of the Plan at their meeting next week and a hearing is scheduled before Commonwealth Court on September 19<sup>th</sup>.

- The Harrisburg Strong Plan sets a new course for the City.
  - It eliminates the debt on the Resource Recovery Facility.
  - It provides a balanced budget through 2016.
  - It provides an ongoing revenue stream from the Parking assets.
  - It provides needed resources for capital needs and economic development activities as well as to help address the City's OPEB liabilities.

Mr. Reddig continued, we are all encouraged by the elements of the Harrisburg Strong Plan and look forward to moving forward with its ultimate confirmation by the Court and then its implementation.

In addition to work involved with the Harrisburg Strong Plan, the Office of the Receiver continues its work in cooperation with the City officials with implementing its elements of the current confirmed Plan.

- The City continues to actively recruit for approximately 62 positions, 17 of those are Fire positions. Applications closed on July 26<sup>th</sup> with 133 applications received. A written exam was administered on August 24<sup>th</sup> to develop a new eligibility list. One hundred and twenty-five individuals registered for the exam while 118 actually took the exam. The results of that exam are currently being tabulated to develop an eligibility list for hiring. The next fire academy class will start March 3, 2014. We anticipate having these positions filled and individuals then enrolled in that academy class.
- Twenty-five positions are for Police Officers. The City is participating in the recent Dauphin County Police Chiefs Association's joint testing program. Through this cooperative approach, the City was able to share the cost of recruitment rather than having to bear that responsibility themselves. The application period closed August 7<sup>th</sup> with 340 applications in total received. A physical fitness test was administered August 24<sup>th</sup> and 25<sup>th</sup>. Out of 279 registrants for the physical exam, 253 passed the physical exam and moved on to the written exam on August 31<sup>st</sup>. The City is now awaiting the results of the test. The next Police Academy class will begin on January 13, 2014.
- The Office of the Receiver has also provided approval to the City to prepare a new police promotional eligibility list. The prior list expired earlier this year. This would include the development of a promotional exam. Further, other positions being recruited for include a Budget Manager, Codes Officers, Fleet Manager, Demolition Specialist, Deputy Economic Development Director, Distribution Supervisor and Operations Manager for the Water Department. Interviews for some of these positions have occurred over the last several weeks and others are currently scheduled. Also, an offer of employment was accepted for the Health Officer position and the individual started this past Monday. The OTR recently received and is reviewing a request to fill a Help Desk PC Specialist in the Information Technology Bureau. This vacancy is a result of a promotion.
- The OTR continues its work with the City and Harrisburg Parking Authority (HPA) to consider qualified personnel from HPA to fill certain City vacancies.

- The OTR also continues to devote significant effort in working with the City on various financial management related issues. The work on the 2012 audit continues. Maher Duessel continues to be fully engaged and their work is anticipated to be completed approximately mid-October with the full audit to be completed and released by the end of October.
- With the vacancy in the Budget Manager position and the extended medical leave of the Purchasing Director, the Accounting Analyst has been reassigned and continues to perform some of the responsibilities for both of these positions. Her work and that of the Accounting Manager has been excellent and filled a critical void in the City's Finance Office. The 2014 budget development work is underway in the Finance Office. The OTR has agreed to provide additional support, as needed, to ensure the budget process remains on track as we move through the late summer and into the fall months.
- The five proposals received for Sanitation Services have been reviewed by the Selection Committee comprised of the Department of Public Works Director, Chief of Staff and Business Administrator. The Committee completed their financial analysis and prepared their recommendation that is now being reviewed with the Mayor. We are still anticipating an implementation date of the results of that RFP process by early 2014.
- The submission of the Insurance RFP occurred on August 27<sup>th</sup>. There were 4 proposals submitted – Marsh U.S.A., American Insurance Administrators, First Fidelity Brokerage and Benefits Research Group. A RFP Review Committee has been established. OTR is working with the committee to review the submissions. We are looking to coordinate the award of the Insurance proposal concurrent with the City's Insurance renewal schedule later this fall. The initial term of the RFP is written for 1 year with the ability to renew for up to an additional 2 years.
- Work also continues on the initial stages of the scope of work for an update to the City's Comprehensive Plan. A meeting is scheduled for this Thursday with the consultant, City representatives and OTR representatives to discuss the revised draft of the scope of work. It is the City's intent to ensure that the three initiatives – 1.) An update of the City's Comprehensive Plan, 2.) Development of a Housing Strategy and 3.) Development of an Economic Development Strategy are well coordinated and that there is significant opportunity for public input in the process.
- The OTR has worked with the City to process funding requests with DGS and DCED for the \$5M that was included in the state's FY13/14 budget for public safety services. The DGS payment of the \$496K occurred in August. The contract for the \$4.504M from DCED was issued, has been executed by the City and is now going through the final execution stages by various State agencies. We are anticipating the disbursement of those funds by late September, early October.
- Negotiations also continue with the collective bargaining units to effect new bargaining contracts consistent with the confirmed Plan. As previously reported, the FOP and AFSCME memberships have approved new contract amendments. Additional negotiation sessions with IAFF are scheduled this week.

## Cash Flow

- The Receiver's Office continues to monitor City's expenditures and the review of payables on a bi-weekly basis. Last week we reviewed the September 12<sup>th</sup> check-run and provided a response to the City. That check-run totaled \$1.5M. The largest payment was to Hershey Medical Center for a Workers Compensation claim as a result of an accident this spring involving a Police Officer. That represented \$930,000 or about 61% of the total. The City has received a reimbursement of \$504,000 for that payment, making the net cost of \$426,000. The next largest payment was to the City Treasurer for \$445,000 or about 30% of the total for various insurances primarily to Highmark Blue Cross for medical coverage for the month of July.
- The City has brought virtually all of its overdue payables into a current status, although it is now beginning to hold some of the payables as it manages cash flow through the next month. Payables on hold after this check-run total just under \$3.7M, which is almost identical to the payables that were on hold as of the last check-run. Those over 60 days total \$2.773M with 98½% represented by six major creditors including SunTrust, Metro Bank, Pennsylvania Infrastructure Bank, which are all debt service payments, Capital Area Transit, PPL and the City Treasurer for various insurances.
- A review of the City's cash position shows the City had a cash balance of \$4.1M as of September 5<sup>th</sup>. Following the September 12<sup>th</sup> check-run and this week's payroll, the City will have a cash balance of just under \$2M. The City's cash flow had improved in August with the receipt of the State's allocation of \$496,000 from DGS and almost \$1.2M in EIT collections and the quarterly parking tax payment of \$713,000 from HPA. The City's cash flow will remain tenuous as we move through September. In addition to the check-run and payroll this week, there are several large payables that will have a material impact on cash flow. These include additional severance payments, the payment to Hershey Medical Center and the reimbursement to the Parking Authority of \$403,000. Although the remaining balance coupled with revenues received over the next several weeks should be adequate to meet the September 26<sup>th</sup> check-run and payroll, the City's cash balance continues to erode. Close attention will need to be given to upcoming payables. The Parking Authority's repayment and one of the severance payments are being held at the request of the OTR until October, pending receipt of the State Aid for Pensions, which should come in early October along with the additional State allocation for public services. Those payments along with the EIT revenue should provide enough cash flow through October and November. The consummation of the Harrisburg Strong Plan is critical prior to year-end and the closing on the various elements that are contained in the Plan in order for the City to have adequate cash to meet its obligations through year-end.
- The City is currently in compliance with all financial reporting obligations. A Material Event Notice was posted on EMMA jointly by the City and the Harrisburg Authority to address the non-payment of the September 1<sup>st</sup> Debt Service payment on the Resource Recovery Facility Revenue Bonds and Notes, Series of 2003 and 1997. Further, a Material Event Notice is currently being prepared and will be issued within the next week to address the non-payment of the General Obligation Bond payment that is due September 15<sup>th</sup>.

## Asset Monetizations

- With the filing of the Harrisburg Strong Plan, the Resource Recovery Facility is in position to move forward pending the Court's action on the modified Plan. The term sheet for the sale to LCSWMA has been prepared and is in place. The agreement with the Department of General Services is in place to execute a multi-year Power Purchase Agreement. The application for the \$8M Capital Redevelopment Assistance Program grant is also part of the deal and is under review currently by the Office of Budget.
- The monetization of the City's parking facilities is also in position to move forward with Harrisburg First proposal pending Court action on the modified Plan. A term sheet for this transaction has also been prepared and the agreement with DGS to address Commonwealth parking requirements continues to move forward.
- Considerable work has occurred to lay the foundation for the parking monetization with the Pennsylvania Economic Development Financing Authority (PEDFA). Attorneys for both PEDFA and Harrisburg First continue to work through various tax-related issues and again, this work is moving forward.
- Much work lies ahead as our efforts now focus on educating all parties on the modified Plan, on the Court hearing and assuming confirmation of the Harrisburg Strong Plan on the closing for the various transactions. The ability to achieve an agreement with the City's creditors - AGM, Dauphin County, Covanta, CIT, AMBAC and others along with an agreement with 2 of the 3 bargaining units represents a major step in finding a realistic solution to the City's financial difficulties. On behalf of the Office of the Receiver, Mr. Reddig expressed further appreciation to all of those who have been involved in bringing the City to this point. We would like to recognize the efforts of the Mayor, her Administration, City Council and Dauphin County for their time and effort that has been devoted to laying a foundation for a bright and promising future for the City.

Mr. Lynch thanked Mr. Reddig for his thorough report.

Mr. Lynch asked Mr. Kroboth, Finance Director for the City of Harrisburg, to provide an update on the Act 47 implementation.

Mr. Kroboth noted Mr. Reddig covered most of what is also in the Administration report and he will try not to be redundant.

During this period the Administration continued to coordinate internally and with implementation teams to accomplish the following:

- The City continues efforts on the new initiative, REV 15, for the collection of \$1M in ordinance and parking violation fines. The task force comprised of special unit police, constables and codes officers has organized and will identify, locate and issue arrest warrants for individuals with the highest parking and ordinance violations in the City. A collection plan and task force has been organized and a Memorandum of Understanding is currently being drafted by the Law Bureau. Arrests and public announcements will be scheduled soon.

- The scope of work for the City's Comprehensive Plan will be reviewed by DCED, the Office of the Receiver and the Mayor next week.
- A Neighborhood-based Post-recovery Economic Development Plan has also been structured by Capital Region Economic Development Corporation (CREDC) to include three new KOZ zones including 6-targeted neighborhoods. This plan will be distributed for review and approval to the Steering Committee.
- The insurance proposals will be evaluated and Individually graded by each Committee member, with grading results to be compiled by the Receiver Team representative over the end of this week.
- Interviews have been scheduled with the Mayor, the Receiver team representative and the Selection Committee for Monday, September 16<sup>th</sup> to review the 3 finalist refuse proposals.
- To-date, the City has increased recycling collection tonnage from 1,300 tons last year to a projected 1,600 tons this year, an increase in recycling tonnage of about 23%. Each recycled ton saves the City approximately \$200. The City is targeting an aggressive 50% increase in recycling tonnage by the end of 2014, with the ultimate goal of recycling at least 20% of the City's total trash collected.
- The Bureau of Information Technology has prepared and installed 18 of the 39 PC's purchased from capital outlay appropriations in the 2013 Budget to enhance information processing capabilities and replace aging equipment.
- As the Administration previously reported, tentative agreements have been reached with Police (FOP) and Non-Uniformed (AFSCME) bargaining units. Negotiations continue with the Firefighters (IAFF). City Council's Administration Committee met Monday evening to discuss these tentative agreements.
- As Mr. Reddig had reported, the 2012 audit remains on schedule for completion.

### **Financial Reporting and Compliance**

- As Mr. Reddig had reported earlier, the City and THA published Material Event Notices. The City will also be filing a MEN regarding the General Obligation Bonds and Notes, Series D and F of 1997 later this week. The important point to report is that the City of Harrisburg is in compliance with all financial reporting obligations.

### **Budget Management**

- The City recently re-advertised for the position of Budget Manager. An interview was held on August 19<sup>th</sup>. The Mayor has scheduled two additional interviews for tomorrow, September 12<sup>th</sup>.
- The 2014 Budget development process continues. Personnel and Operating Expenditure Request Worksheets have been distributed to all City agencies. The Department of Administration will be holding public hearings in Council's Chambers

September 17<sup>th</sup> through the 26<sup>th</sup> to review and discuss departmental 2014 Budget requests.

### **Grants Management**

- Three significant grant applications were submitted recently:
  - The City submitted an application on August 22<sup>nd</sup> for \$4,504,000 to DCED for a Community Protection Revitalization Grant. The grant's purpose is to cover salaries and benefits of police officers and firefighters for the period of July 1 through December 31, 2013 to help maintain the City's current public safety personnel compliment in order to protect State Capital employees and buildings within the City's limits.
  - An Application for a SAFER Hiring Grant was submitted on August 29<sup>th</sup> for \$1,624,930 to fund salaries and benefits for 10 new Firefighters.
  - Also, on August 30<sup>th</sup> the City submitted an application for \$104,518 for a Dauphin County Local Share Municipal Grant to purchase equipment, software, and training necessary to transition to Dauphin County's InSync Records Management System.
- Also as previously reported, the Office of the Receiver submitted the Harrisburg Strong Plan to Commonwealth Court on August 26<sup>th</sup>. This is a major milestone of the three and one-half year financial recovery process under the PA Act 47 process.

In summary, the City continues to make progress on implementation of the Recovery Plan, coordination of City operational services and re-stabilization of Financial Management operations.

### **Committee Comments**

Mr. Lynch asked for committee member comments.

Mr. Lighty noted he looks forward to the Receiver's presentation next week in Commonwealth Court.

Mr. Philbin had no comments.

### **Public Comments**

Mr. Lynch asked if there were any public comments.

Mr. Lewis Butts, City resident

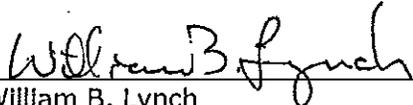

- Mr. Butts thanked Mr. Lynch and the advisory committee, again, for creating the Harrisburg Strong Plan. Mr. Butts noted he agrees with the Plan 125% and is behind the Receiver and his team 180%.
- Mr. Butts said he wants to make sure that when jobs are created for the rebuilding of our City's infrastructure that Harrisburg citizens, contractors and sub-contractors within

the City will be taken into consideration for jobs as well as for future money Involving large Infrastructure components.

Mr. Lynch thanked Mr. Butts for his good words and reassured him that this is also our intention as well.

Mr. Lynch asked if there were any other public comments. Hearing none, Mr. Lynch called this meeting adjourned at 9:01 a.m.

Approved this 11<sup>th</sup> day of September 2013.

  
\_\_\_\_\_  
William B. Lynch  
Receiver for the City of Harrisburg

  
\_\_\_\_\_  
Secretary - Anne Morrow
