MONTHLY REPORT  
ON SUSQUEHANNA RESOURCE  
MANAGEMENT COMPLEX  
(SRMC)  
MAY 2018**

**(FORMERLY HARRISBURG RESOURCE  
RECOVERY FACILITY)**

**Section No. 4  
Exhibit No. 27**

## Susquehanna Resource Management Complex Report

City of Harrisburg, PA

May 2018

### Tonnages & Fees Summary

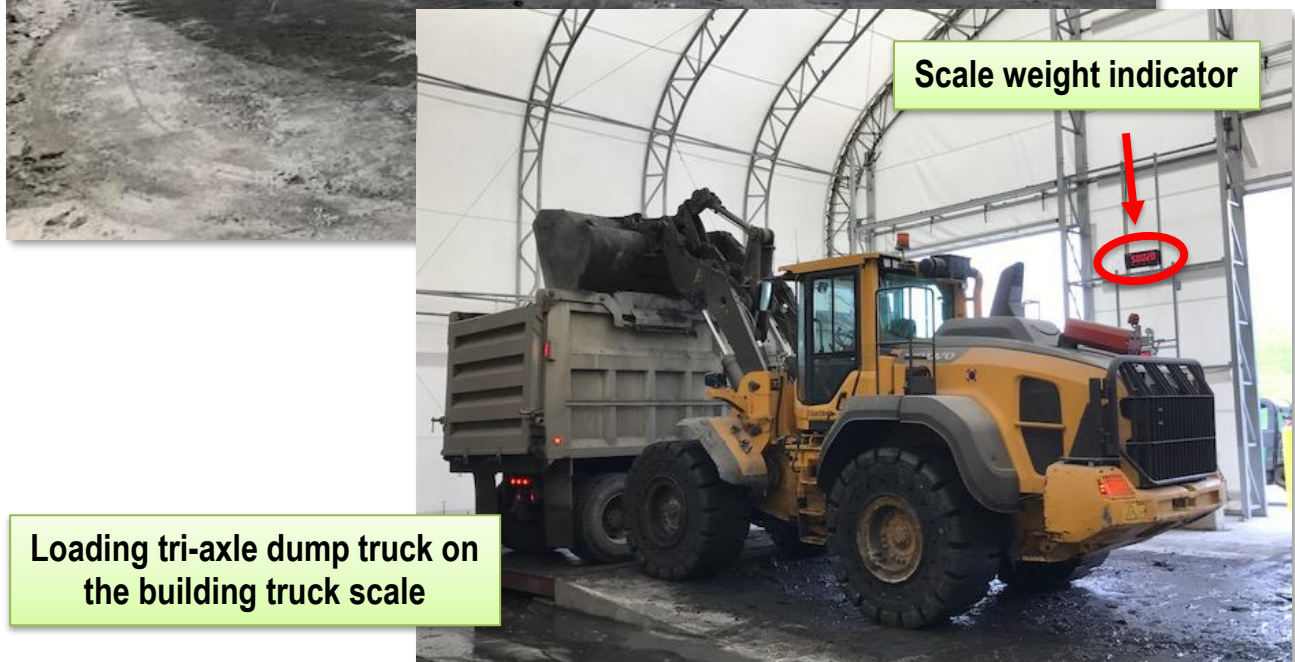

- Monthly total tonnages delivered to the SRMC: **28,518**
  - YTD total tonnages delivered to the SRMC: **120,673**
- Monthly refuse tonnages received from City of Harrisburg: **3,551** (revenue: **\$673,370**)
  - YTD refuse tonnages received from City of Harrisburg: **15,330** (revenue: **\$2,906,549**)
- Monthly refuse tonnages received from Dauphin County: **14,155** (revenue: **\$1,205,240**)
  - YTD refuse tonnages received from Dauphin County: **59,269** (revenue: **\$5,044,905**)
- Monthly total host fees accrued for the City of Harrisburg: **\$29,659**
  - YTD total host fees paid to the City of Harrisburg: **\$70,215** (fees paid quarterly)
  - YTD total host fees earned: **\$125,499**
- A detailed spreadsheet with cumulative tonnages and revenue for the City of Harrisburg and Dauphin County is attached to this report. The spreadsheet includes a comparison to prior year numbers.

### Operational Highlights

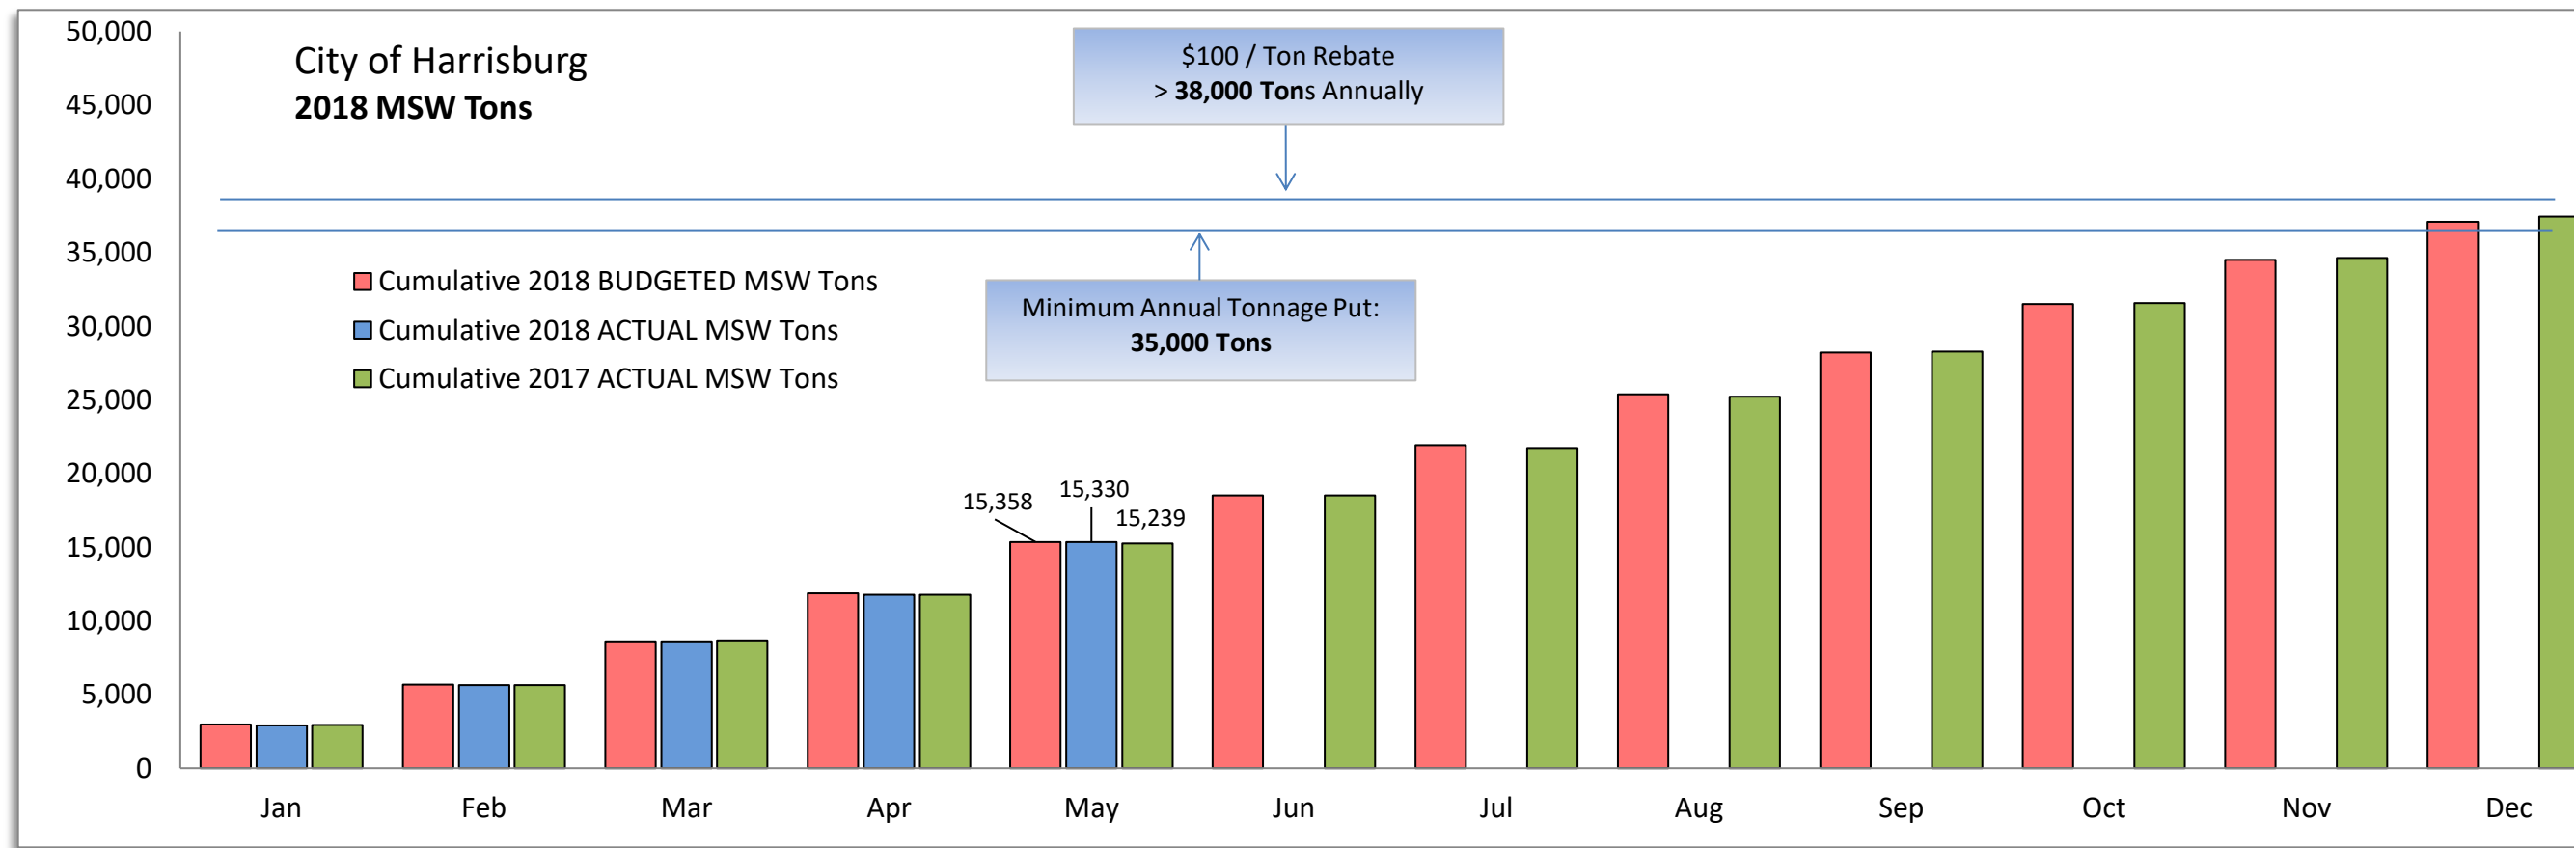

- PADEP inspection found the facility to be operating well within regulatory parameters.
- Covanta completed a scheduled major outage on unit #3, which included the following: replacing boiler tubes, typical required maintenance tasks, and rebuilding of the unit feed chute and ash roller. Covanta also took the plant off-line for 4 days to replace the turbine sequential trip component. Boiler availability was 81% for the month.
- Staff completed ongoing site maintenance activities (landscape maintenance, mowing/vegetation control, roadway sweeping), along with daily litter patrols.

## Ash Storage Project Update

The ash storage building work has been completed. LCSWMA received PADEP construction certification for the structure and began utilizing the building for ash storage and transfer purposes on May 17<sup>th</sup>. As a reminder, this project allows for storage and loading of ash and metals within an adjoining structure to the plant. Previously, metals were live-loaded as they were removed from the ash, and the ash was temporarily placed on the on-site monofill before transferred to LCSWMA's Frey Farm Landfill. This new building offers additional storage capacity, allowing for improved operational and transfer efficiencies.

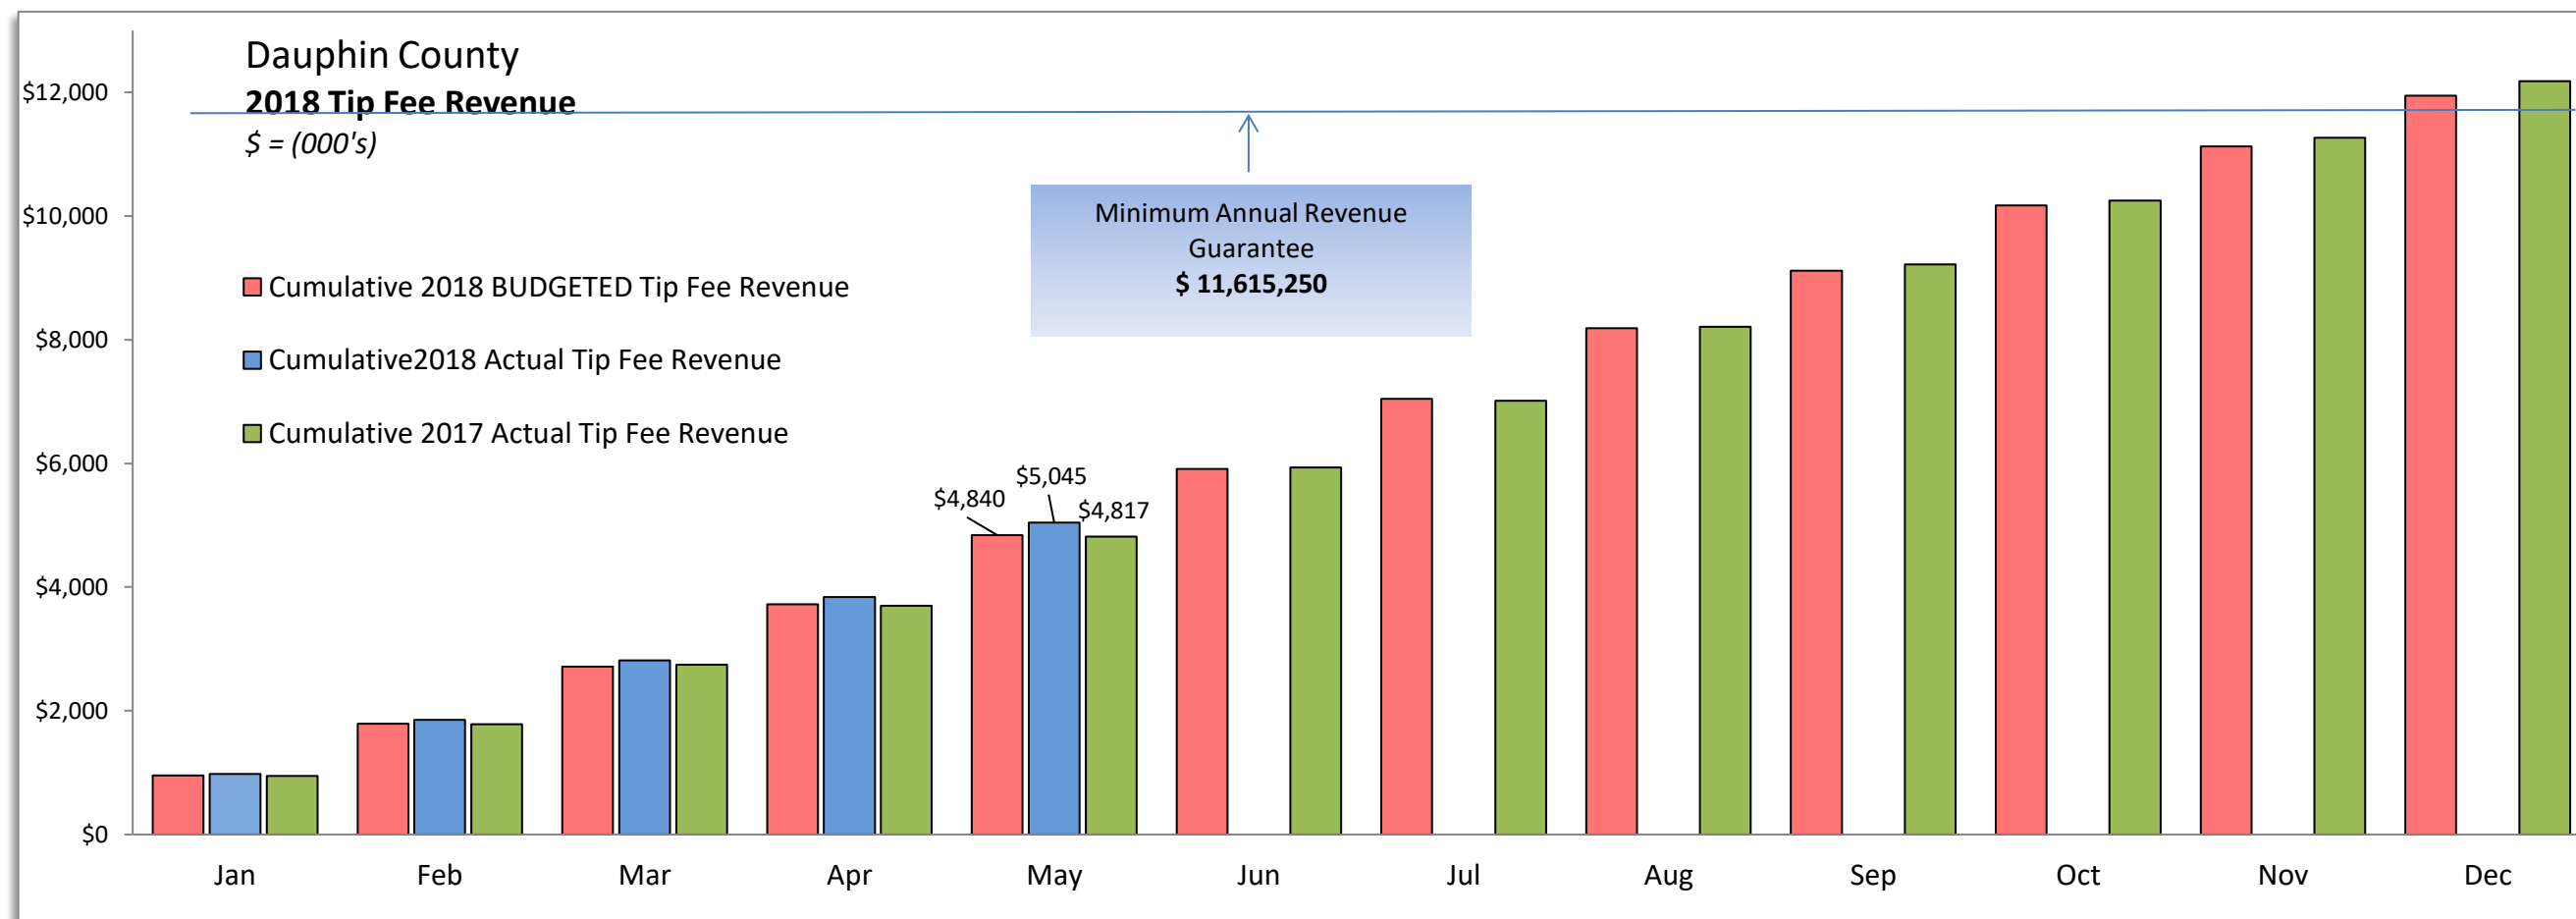

# CITY OF HARRISBURG

Note: Tonnage measured is Municipal Solid Waste (MSW) as defined in agreement
