SECTION II

1. Have there been any material variances between this year's and last year's financial results?

Please see detailed analytical comments tab relative to year-to-date revenue and expenditure comparisons as part of a separate financial summary schedule for July 2026.

Also noting larger than usual total monthly expenditures resulting in July, a significant part of which is attributed to three payrolls and check runs occurring in the month when the normal monthly timing is usually two bi-weekly expenditure dates.

2. Are current payments to creditors (debt service, MMO, Act 47 loan, vendor payments) up to date?

For the month of July 2026, the City did not have any scheduled payments due of a debt service nature; however, the City did continue to work to process its normal bi-weekly check runs during the month for timely payment of amounts payable to vendors.

3. Provide specific examples of progress on critical recommendations of the Plan.

Under the Commonwealth's Act 124, the Intergovernmental Cooperation Authority for Harrisburg (ICA) may enter into and implement an intergovernmental cooperation agreement. Such a revised agreement has been previously accepted and approved by Harrisburg City Council via adopted ordinance, and the City intends to fully execute and officially enter into this mutually approved agreement after the Commonwealth Court issues any final administrative orders for the City's orderly exit from the Municipalities Financial Recovery Act (Act 47) as administered by PA DCED. The City continues to currently make more administrative progress with the ongoing related incinerator records subpoena and litigation matter.

4. List and briefly describe meetings and communication that support implementation of the Plan.

Consistent with ongoing prior practice, the City will continue to maintain communications with PA DCED in the providing of responses to Act 47 periodic status update requests for related information.

5. Is there a capital improvement plan? Is the capital improvement plan being implemented?

Yes, such efforts continue to be utilized within the General Fund's 2026 budget for various City departments including significant planned capital outlays related to Information Technology, Police, Fire, Public Works, and Facilities Maintenance/Special Projects which includes approximately \$20.1 million in revised budget for the ongoing Broad Street Market fire loss restoration project.

6. Are there any outstanding audits or audit recommendations that need to be completed?

The City has recently begun a few advances on some audit preparation areas for the 2024 annual financial audit.

Also to note the City is continuing to complete final review work with its independent auditing firm for submitting the 2022 and now 2023 Municipal Annual Audit and Financial Reports, required for filing on PA DCED's website specific to municipal statistics.

7. Provide additional observations and challenges.

a. The City continues to manage operating expenses under the constraints of an ongoing lack of significant monthly parking system revenues, including priority parking and ground lease payments.

b. The City continues to work with its IT vendor, Tyler Technologies for the implementation of a new City-wide all inclusive ERP (enterprise resource planning) software system. Ongoing related review and analysis work will continue into this current year for achieving additional data migration from the current City mainframe software system to the ERP.
