	Ms. Kelley mentioned that they would	
	also introduce a Budget Reallocation on	
	June 7 as well.	
Discussion of the Mayor's American Rescue Plan Act Recommendations	also introduce a Budget Reallocation on June 7 as well. Ms. Carter reviewed the funding categories from the Mayor's correspondence: Replacement of lost revenue, about 19% Public safety, about 19% Parks and recreation, about 21%; and Helping those in need, about 31%. The Board has had a chance to review the summary document. Ms. Speaker MacNett supports the payment of utilities for those in need. There was not much information. She noted that none of the money was allocated for infrastructure. Ms. Kelley said the second allocation from the Federal government has not yet arrived. Ms. Kelley said public safety money included money for the police HVAC project. Ms. Hodge asked about which houses will be targeted with the funding, and will money be recouped from the sale of blighted properties. Ms. Kelley said they were dilapidated and worthless houses	Motion to permit the drafting and execution of a letter of support for the Mayor's American Rescue Plan Act Recommendations; Approved 5-0.
	Ms. Hodge asked about which houses will be targeted with the funding, and will money be recouped from the sale of blighted properties. Ms. Kelley said they	
	responded. Mr. Hill asked about the approval process. Ms. Kelley said Council could drill down into the details. He added that the responsibilities to run sewer and water laterals is an issue for Impact Harrisburg and Capital Region Water.	

Mr. Vartan offered some advice about the demolition of derelict properties. He talked about a concept to delegate authority to remediate code issues to a third party such as a church; followed by a lien to repay for the cost of remediation. He also talked about paying outstanding trash charged. Mr. Vartan said that the City should only help outstanding bills for accounts that qualify for assistance. Ms. Kelley discussed qualifications for assistance. Ms. Hodge commented on identifying those in need. Ms. Hill commented on qualifications. Mr. Vartan discussed the concept of a match to reward partial payment of outstanding arrears. In addition, he discussed using ARP funding as matching funds. He discussed using funding for necessary code and safety renovations such as replacing a furnace. Ms. Hill gave some examples.

Ms. Carter mentioned that under Parks & Recreation, 80% of that allocation is addressing one project, a swimming pool replaced with a spray park.

Mr. Stonehill made a note that there are other grant funds available for water lateral replacement, including lead gooseneck replacements through PennVEST. Ms. Speaker MacNett commented.

Ms. Carter said there was a consensus that the Board supported the pots, the general allocation. She said the Mayor was seeking correspondence to transmit to the Mayor in support of her recommendations.

A motion to approve by Ms. Hodge. A second by Mr. Hill. The motion passes.

Mr. Stonehill will circulate a draft for comments.
